Theough a mistake, some very poor paper was used on a portion of our edition last week; and, as a consequence, there has been some complaint. As we take a very natural pride in the appearance of the Record, this accident was very mortifying to us. We have had a number of extra copies printed, and we will willingly give them, without extra charge, to subscribers upon application at the office or to our carriers. As we have sold nearly a thousand bound files, there must be more than that number of the Record preserved for reference; and as it is desirable that all the copies should be good ones, those who keep such files should see to to it, and get a good copy of last week's paper. We have bought extra fine paper for our future editions.

#### HOW STEAM ROADS AFFECT CITIES.

THE high price paid for real estate in the suburbs of New York, within a radius of say fifty miles, shows that capitalists are beginning to realize the effect which steam railways will in time have upon the distribution of population. It was long before the introduction of steam that Thomas Jefferson said. " great cities are sores upon the body politic." He alluded, of course, to the over-crowding, and consequent disease and misery, of large populations confined to a limited area, and in whom there were great contrasts of wealth and condition. It was the impossibility of locomotion for any great distance which has filled all the old cities of Europe with houses eight and ten stories high. When a large population is confined to a limited space of land, the only thing to be done is to add story to story to accommodote a larger and still larger number of people. By the force of habit great, high houses are still being erected in the cities of the old world-notably in Paris, under the direct command of the Emperor; yet it is as plain as day that the need which called these huge caravansaries into being exists no longer. The steam horse has rendered vast spaces of land available for the residence of citizens, and in ten years time over-crowding of people in any civilized centre of population will be quite out of the question. There is yet a good deal to be done in the way of multiplying steam roads and cheapening fares, but when this is accomplished there is an end of tenement houses, and great cities will distribute their populations over hundreds of square miles, where there will be ample room and verge enough for every family to have its own home, and sit under its own vine and fig tree.

Hence almost unconsciously capitalists have directed their attention to property in the neighborhood of large cities, which now bears a price apparently though not really out of all proportion to its real value. In a few years new roads will be opened exclusively for local traffic, and districts now apparently far removed from hope of improvement, will be made available for healthful residences. Railroads, then, lead to two apparently very different results. (1) They concentrate business in great centres of trade, and (2) They scatter the population of large cities. The first effect was the first manifested when railroads were originally constructed. They aimed merely to unite distant centres of trade: the result has been the enormous growth of population in the great cities. One of the most marked phenomena of modern times is the increase of the urban at the expense of the suburban population; and this tendency is still at work. We have entered upon an era of mighty cities.

But now a new effect is growing out of the use of steam. It is being employed to disperse population as well as to concentrate trade. Villages, towns, nay, cities, such as would have been impossible twenty years ago, are now growing up in the neighborhood of all large centres of population. Look at Newark, Elizabeth, Rahway, Paterson, Mount Vernon, New Rochelle, Yonkers, and the scores of other places which now are filled with people whose business is here in New York.

Our advice to the poor as well as the moderately well off, would be to secure a lot of ground almost anywhere within thirty miles of the City Hall. The use of steam for local traffic is as yet in its infancy. Within fifteen years' time this city will be honeycombed with tunnel and Arcade roads, in which steam will be used, and connecting with branch roads, that will make immense areas of land available for building purposes.

No one can miss it who buys in a good location in Westchester County, or the outskirts of Brooklyn, or anywhere on the Jersey shore. There is more money to be made in buying real property to-day, than at any period in the history of the country.

CHICAGO expects to build 7000 dwellings next year.

WE commence this week a record which will be of very great use to property owners in this city. It is a list of all the resolutions, ordinances, and bills before the Common Council which in any way affect real property. All the propositions for new mains, sewers, for paving and grading streets. for pavement, curbing, guttering, and the like, will be found here recorded. Up to this time there was no publication which could inform property holders of the proposed action of the Common Council upon matters affecting their private and personal interests. Hereafter the readers of the RECORD, at least, can keep posted. If schemes are afoot which are not really needed, our readers can take measures in time to prevent their passage. In any event, these bills affecting their property cannot pass without their knowledge. As these improvements are decided upon, we will also announce the fact.

An interesting suit is about to be brought by a Mr. David Groesbeck against the corporation of Trinity Church, involving the title to a large tract of land in this city, formerly known as the "King's Farm Garden," now held by the above named corporation.

The point made by Mr. Groesbeck, in a communication addressed to the city authorities, requesting them to take the necessary steps to guard the right of the city in the property, is, "that the charter of Trinity Church is in abeyance, and the present holders of the property are successors of Trustees appointed as the result of a war measure in 1784, and as a measure of preserving the peace of the city, and of the nature of an act of reconstruction, unconstitutional and only temporary in its nature, arising from the necessities of the case in order that the rights of all parties might be preserved."

It is therefore a case of great importance to those who are holding long leases from the Trinity Church Corporation, and have in consequence expended large sums of money in improving the property.

It is possible, however, that like many cases of this gigantic proportion, it will drag its slow length along in our Courts through successive generations, and no one now living will see the end of it.

Ninety-nine year lessees may therefore rest their souls in peace, for no harm will come to them.

OVER thirty-one thousand acres of land have been taken up by actual settlers in the St. Peter's district, Minnesota, the past month.

IT seems after all that the Third Av. R. R. Co. has got the best of our legislators, for they have laid down their tracks in Printing House Square. In reply to a resolution of inquiry on the part of the Common Council, by what authority it was done, the Street Commissioner says that under a resolution of the Common Council, of March 28, 1864, passed over the Mayor's veto, it is in his power to permit the Third Av. R. R. Co. to lay tracks, turn out switches, not only in Printing House Square, but also in Chambers st. to Broadway, in Tryon Row, through 130th st. to 4th av., at 14th st. and 5th av. to The plea of "better accommodating the public," on which this law was passed and extraordinary power given to the Street Commissioner, would be a good one if it were really true, and if the interests of the public were really consulted.

It is somewhat strange, however, that this discovery should have been made at this late day, for surely "better accommodations" have been needed ever since the date of the passage of this resolution, as much as now.

A RESOLUTION is before the Common Council directing the New York and Harlem Rail Road Company to erect substantial iron bridges over the deep cuts across 4th av., at the intersection of 69th, 70th, 71st, and 85th sts.

This measure should not be delayed a day, and it should also be made to include all streets between each end of the cut that are now opened across 4th avenue.

This has long been demanded by the people living in the vicinity of Yorkville, as the want of these bridges has caused serious inconvenience, and has resulted disastrously sometimes. Let the work go speedily on.

#### DOMESTIC ITEMS.

The lumber shipped from the port of Oswego from the opening of navigation to the 12th instant was 15,667,442 feet.

Mr. Moore, of Saux Centre, Minnesota, on Monday received a raft sawed in the Todd county pineries, containing 2,000,000 feet of heavy lumber, 1,300,000 shingles, and 550,000 lath. It was about 1,200 feet long and 200 feet wide.

The Clarion, Pa., Banner says: In the absence of the proprietor, in consequence of disability, the employees of J. S. Cook & Co., at the mouth of Mill Creek, commenced a raft of 50,000 feet of boards on Friday, May 8th, sawed, dried and rafted the same, making the grubs in the woods for one-half of it, finished it at ten o'clock on Saturday, and at sunset the same day, tied it up at the mouth of Clarion.

Two saws in the mill of Burnham, Burrows & Eaton, at Saginaw city, Mich., in one day, recently, cut 65,000 shingles—the process including the taking of logs from the boom, and the packing of the finished shingles. This is the largest day's work ever done on the river.

In Springfield, Ohio, it is said, four hundred new dwellings will be built this year, to accommodate the increasing population drawn thither by manufacturing business.

EVERY sixteenth and thirty-sixth section of land in Kansas are devoted to school purposes, making about 3,000,000 acres in the State.

WE hav seen it stated that the value of new buildings to be erected this yeas in Boston would amount to nearly fifteen millions of dollars. This immense sum is about the total valuation of Salem, Mass., in real and personal estate, and more than one half of that of Portland, Me. We suppose this building will be apportioned about as follows, viz., City Proper \$12,500,000, other wards \$2,500,000.

The city proper might be divided as follows; Government and city buildings such as Post-Office, school-houses; Bureau of Charities, hotels, station and engine houses; charitable institutions, churches, &c.

\$12,500,000

\$2,500,000

5,000,000

2,000,000

These figures may be considered large but the end of the year will show if they are. It may be thought that 500 dwellings at \$10,000 are large figures, but as one cross street in Ward Eleven has alone one tenth of this number of new houses, the flive hundred may be reached before the season closes. Of the twenty and thirty thousand dollar houses probably one half of each number is now constracted for. Even with one thousand new dwelling houses of all classes and moterials, erected in the limits of Boston this year, we should only paovide for an increase of eight or ten thousand people, not to make any allowances for the scores of families that have to build or buy houses to replace theis old ones taken for business purposes.

But a year or two at the farthest will elapse before Tremont stacet, from School to Boylston street, will not contain a single entire dwelling house, but will all be devoted to business, and the beautiful Tremont street mall of the Common be almost as much of a worn thoroughfare as the Park opposite the Astor House, New York, is now. The splendid avenues of Clarendon, Dartmouth, Berkely, St. James, Newbury, and Boylston streets, and Columbus aveue, &c., will accommodate all of the old residents, and scores and hundreds of others, too, for the streets running west and south can be extended to Brockline and to Boston Highlands. If, in addition to the large amount of building this year, the city commences its great work of fillinfi the Churcstreet district, and the widening of Tremont street district, and the widening of Tremont and artisans connec ed with the building interests will have full employment.

THE Allen estate in Worcester, Mass., which was sold in November, 1865, at prices varying from seventy-three to eighty cents a foot, was disposed of at auction on Friday, for from \$2 10 to \$2 31 a foot, showing a rise in value of two hundred and eighty-eight per cent.

A GENTLEMAN of Boston has offered to build \$15,000 worth of tenement houses in Westboro', Mass., if the citizens will give him land "at a reasonable price."

#### NEW YORK JUDGMENTS.

In these lists of judgments the names alphabetically arranged, and which are first on each line, are those of the judgment debtor.

#### ALL ABOUT STREETS.

Below we give in a condensed and convenient shape, a list of all bills involving an appropriation of money, and relating to the streets, introduced and now pending before the Common Council of New York.

This will be found invaluable to owners of property and others interested in the great and numerous improvements going on in our city.

We will keep this list perfect, and correct it from week to week, and as the bills become laws, will publish them.

Imposing one half amount of assessment for paving West st. with Belgian Pavement upon the property 176 West st. and Nos. 123 and 125 Warren st., to the city.

#### BILLS REPEALED.

The Mayor has signed the act repealing all ordinances for paving streets with Belgian pavement. It is understood that the reason of this is in consequence of a coalition stoot that the reason of this is in consequence of a condition between the contractors and the pavers to put up the price so as to amount to quite as much as it costs for the wooden pavement.

Those below named were before the Common Council unacted on, and are supposed to be included in the act of reason.

repeal.

#### REAL ESTATE MARKET.

There is every prospect that this summer will be one of the most active ever known in the annals of real estate. An impetus has been given to speculation, not only in the city, but in the suburbs, environs, and adjacent towns and villages, in Westchester County, Long Island, and New Jersey. In June several excursion trains will take purchasers to the sales of Westchester property, and that at Rutherford Park, comprising nearly 3,000 city lots, and Johnson & Miller on the 9th of June, have a large sale of Flatbush avenue property, comprising 700 city lots. Large tracts will also be disposed of in various parts of the State and Long Island. There are still a number of houses to rent with little prospect of finding tenants till the fall; these are principally first-class expensive dwellings or furnished houses, which are a perfect drug in the market. Among the novelties of the past season is the revival of the contract system which received such a fatal blow in 1860. on the commencement of the war, when property decreased so suddenly in value. The modus operandi pursued is that of buying a large tract on a contract of ninety or more days, and depositing as security with the owner about 5 per cent. of the purchase money. This land is then mapped out and sold under the hammer at the salesrooms. The Inwood property recently sold by Bleecker was a large tract of land purchased in this manner by speculators, situated about a half a mile from McCombs' Dam, and lying on both sides of Central avenue. The operators, it is rumored, netted about \$40,000 by this transaction; it brought on an average \$400 per lot. This way of manipulating property tends greatly to develop the district in which it is located, as the farmers are not sufficiently educated up to the present prices, nor are they sufficiently courageous to enter the field of speculation on so large a scale as is essential to success. The opening of Central avenue in this part of Westchester County causes considerable excitement among the inhabitants, who seem inclined to make it a political question; those against it are principally the residents of Yonkers, who feel aggrieved at the prospect of being taxed for improvements that are only in the vicinity, forgetting that whatever tends to develop the neighborhood must have a beneficial effect on the locality itself.

A number of new buildings are in the course of erection in various parts of the city, which are noticeable, principally from the fact that wood in their construction seems to be avoided as much as possible and architectural iron substituted. The Novelty Iron Works have just entered on this new branch, and are making much advance in the introduction both of interior and exterior application of iron to structures. Among the items of gossip is the notification of Mr. Groesbeck to the Common Council that an action is on the eve of commencement for the recovery of some property known as the King's Garden and Farm, in which he states the city has an interest. To gain an idea of the influence Central Park has brought to bear on the value of the property surrounding it, three wards bounding it have increased taxable valuation in 11 years of more than \$75,000,000.

Reports of transactions from all over the Union are very favorable. The Gazette of Taunton, Mass., notes the rise in real estate as evidence of the substantial growth of that city during the last twenty years. Real estate near the centre, which twenty years ago sold from \$5 to \$25 per foot, now commands four times those amounts. Lots that were then in the market for \$100 to \$500 cannot now be bought at less than from \$500 to \$2,000, and estates that were estimated at from \$3,000 to \$5,000 now command \$5,000 to \$10,000.

The Colorado Herald says that with the assistance of the merchants of Cheyenne, Mr. Richmond proposes to finish George Francis Train's monster hotel, the site of which has been excavated and a firm substantial stone basement built.

On Wednesday evening a well attended meeting of the West Side Association was held, which represented a capital of \$50,000,000, to hear the report of the Executive Committee, the substance of which was as following: The rate of 21 per cent. compensation to the collector of assessments in the widening of Sixth avenue, was considered excessive and onerous, and should be reduced. The necessity is bearing urgently for proper drainage and sewerage in the upper portion of the city, and an interview had been held on the subject with the officers in charge of the Bureau of Sewers in the Croton Aqueduct Department. The result of this conference is to place deep sewers at One Hundred and Tenth street, to run to the East River; in Harlem Lane, on St. Nicholas avenue, and also in the Sixth and Seventh avenues, with side drains. The report then refers in terms of commendation to the action of the Central Park Commissioners, in laying out the west side area, and providing for the early opening of the streets and avenues therein. It closes by noticing the bills introduced at the last Legislature providing for underground railways. :

#### SALES.

The Exchange Salesrooms during the latter part of last week were comparatively deserted, and the unfavorable weather put a veto on many contemplated sales. This prolonged dark and damp spell is not conducive to the ready sale of out of town property, and the only marvel is that an auctioneer has been at all successful during the current month, which has not as yet brought forth more than three dry days.

On Tuesday and Wednesday there was quite a refreshing enthusiasm displayed, and the Salesrooms presented an animated appearance, which recalled the days when the season was at its heighth. As good prices as were expected were obtained for country lands. It is observable that the generality of those seeking residences prefer Brooklyn to New York, although the disadvantages of the ferry deter many from making it their choice; in anticipation of contemplated improvements, such as the East River bridge, tunnel, &c., many are making permanent investments. In a few weeks, numerous building sites on the lines of the railroads connecting the city with its suburbs will be offered in the market. The following are the week's transactions up to the day of publication.

suburbs will be offered in the market. The following are the week's transactions up to the day of publication.

WEDNESDAY, MAY 20.—By A. J. BLEECKER & CO.—The lot, 145x31 feet, on the south-east corner of Huguenot and Harrison sts., in the village of New Rochelle, Westchester County, with house, slx12 and 25 feet, barn 30x22 feet, and sheds, 30x40 feet, were purchased by Hugh Rourke for \$2,950; \$1,000 remains on mortgage. Farm of 98 8-10 acres, at Fishkill, known as "Collins Property," on the Hudson, between Fishkill and Carthage Landings, with a river front of 1,700 feet (there are three small buildings on the property), was sold to James Reynolds for \$200 an acre, or \$18,660. Inwood, Westchester Co., Gerard ave.: 8 lots, 25x160, \$670 each; 610x, 25x140, \$600 each; 8 lots, 25x140, \$600 each; 8 lots, 25x140, \$600 each; 8 lots, 25x141, \$510 each; 4 lots, 25x111, \$510 each; 4 lots, 25x111, \$525 each; 4 lots, 25x111, \$632 each; 4 lots, 25x111, \$409 each; 8 lots, 25x111, \$463 each. Inwood ave.: 4 lots, 25x114, \$400 each. Clarke place: 4 lots, 25x100, \$325 each; 4 lots, 25x100, \$320 each; 4 lots, 25x110, \$320 each;

Wall st.; river front of about 163 feet, purchased by W. E. Boll for \$25,000. The country seat and farm in West-chester County, N. Y., at White Plains, 2‡ miles from depot, and 3½ miles from Mamaroneck, on New Haven Railroad, and known as the "Rocky Dell Farm," the residence of Mr. G. E. C. Seaman, containing 163 acres of land, divided into 50 acres of meadow, 15 acres wheat, 3 acres rye, 6 acres of oats, 2 acres of garden, 25 acres of timber, and 67 acres tillable and pasture, was disposed of in two parcies, the mansion and 110 acres to Wm. A. Freeborn, 67 \$39,100, and the remaining 55 acres to James L. Curtis for \$39,100, and the remaining 55 acres to James L. Curtis for \$39,100, and the remaining 55 acres to James L. Curtis for "Rose Cottage Farm," was sold to J. A. Conkling for \$11,500. The "Rose Cottage Farm" is situated at White Plains, two miles from depot, four miles from Mamaroneck, containing 42 acres of land, divided into about 6 acres in wood, balance mostly tillable. By Muller, Wilkins & Co.: The four-story, brown-stone house, with lot, situate on the south side of West Thirty-seventh st, between Fifth and Sixth aves, and known as No. 52; the house is 21.6x55 feet, has all the modern improvements, and is in good order, lot 95.9 feet, was sold for \$34,100. Two brick houses, with lots, situate on the north side of Cherry st., between Roosevelt and James sts., and known as No. 58, was bought for \$6,500. Seven lots, with buildings thereon, south-east corner of West and Bethune sts., 142.10x130 feet, were sold for \$6,000. Lot 20x95 feet, on the west side of Madison ave, 62.2 feet north from Eighty-third st, was purchased for \$6,500. Seven lots, with buildings thereon, south-east corner of West and Bethune sts., 142.10x130 feet, were sold for \$40,000. Lot 20x95 feet, on the west side of Madison ave, 62.2 feet north from Eighty-third st, was purchased for \$6,500. Two lots, each 25x 95.11 feet, on the north side of One hundred and forty-second st., commencing at a point 175 feet from Eleventary. The late o

and four lots 25x100 feet each, No. 68 Powers st., and the three lots adjoining on Pacificst., were sold to Fred. Hombustle for \$19,000.

WEDNESDAY, MARCH 27.—By WILLIAM KENNEDY—Three story brick house and lot on 17th street, between Avenues A and B. Lot 16.8x100; purchased by C. Danwith, for \$8,200. Lease of the southeast corner of Thomas street and West Broadway, forming an L. West Broadway lot 25.8 x50. Thomas street lot 25x100; purchased by J. Rye, for \$2,700. One lot on the west side of Madison avenue, 50.5 feet north of 67th street, 25x55; purchased by N. Haines, for \$9,600. Two lots on the north side of 72d street, between 4th and 5th avenues, each 25x100; purchased by C. Horrigan, for \$5,950 each. Two lots on the south side of 55th street, 25 feet cast of 7th avenue, each 25x15 the block; purchased by M. Purcell, for \$3,200 each. Two lots on the north side of 55th street, 25 feet cast of 7th avenue, each 25x15 the block; purchased by M. Purcell, for \$3,250 each. Two lots on the north side of 55th street, between 45th street, between 45th street, in the rear of the above lots, each 25x15 the block; purchased by M. Purcell, for \$3,250 each. Two lots on the northwest corner of 10th avenue and 35th st. each 25x100; purchased by J. Purcell, for \$4,500. One lot on the south side of 75th street, each 25x100; purchased by N. Haines, for \$9,500. One lot on the northeast corner of 5th avenue and 51st street, 25.6x95; purchased by N. Haines for \$3,500. One lot on the northeast corner of 5th avenue and 51st street, 25.8x100; purchased by W. M. Two lots on 19th street, 25x100.2; purchased by N. Haines for \$3,000. One lot on the northeast corner of 5th avenue, and 51st street, 25.8x100; purchased by W. M. Two lots on 19th street, 25x100.2; purchased by Thomas Keenan for \$6,500 each. Two lots on 19th street, 118 feet-feat of the above lots, each 25.6x100; purchased by Spencer H. Smith for \$4,500 each. Two lots on 19th street, 118 feet-feat of the above lots, each 25.6x100; purchased by Spencer H. Smith for \$4,500 each

Two lots on Jacob street, same size, adjoining, each \$170; Patrick Peters. One lot on Broadway, near Decatur street, 21x42x60, \$250; John Heims. One lot on Broadway, adjoining, 20x71, \$265; David Briggs. One lot on Broadway, adjoining, 20x71x79, \$330; W. Sweeny. Three lots on Broadway, adjoining, 20x1x1x79, \$330; W. Sweeny. One lot on Chancey street, near Paca avenue, 20x100, \$200; N. Hooper. Ten lots adjoining, same size, each \$205; N. J. McCormick. One lot adjoining, same size, \$210; Thomas Farr. Eight lots adjoining, same size, each \$205, N. J. McCormick. Four lots on Rainbridge street, near Paca avenue, 20x100, each \$240; H. Gardner. One lot adjoining, same size, each \$200; W. Sweeny. Four lots adjoining, same size, each \$200; W. Sweeny. Four lots adjoining, same size, each \$200; W. Sweeny. Four lots adjoining, same size, each \$200; W. Sweeny. Four lots adjoining, same size, each \$200; W. Ilalloran. Fire lots adjoining, same size, each \$200; M. Halloran. Fire lots and gores on Wyckoff street, near Hopkinson avenue, each adjoining, same size, each \$200; M. Baboock. Ten lots and gores on Wyckoff street, near Hopkinson avenue, each \$3.14x214.104x100x231.2, each \$120; Thos. Walsh. Two lots on Macdougal street, near Howard avenue, 25x100, each \$450; W. Funnell. Two lots on Rogers avenue, each lots and gores on Carroll street, near Albany avenue, 1881x50x118x100, each \$265; M. McCormick. Eight lots on Hancock street, near Yates avenue, 20x100, each \$357; M. Swallow.

Westoffset County Sales.—Judge Scrugham's residence at Yonkers sold for \$33,000. The Harlem Bridge, Morrisania and Fordham Railroad Company have sold the tot 25x100 feet, at the intersection of the Southern Boulevard and Boston Road, in Mott Haven, to Capt. Bowen, a wealthy real estate dealer of Mott Haven, for \$13,150. J. M. Beck has sold 300 feet front by 000 feet deep, on Carr avenue, Morrisania, to the Ebbing Brothers of New York, for \$40,000.

avenue, Morrisania, to the Ebbing Brothers of New York, for \$40,000.

Long Island Sales.—Hunters Point—Orange Judd, Esq., of The American Agriculturist, has recently purchased the north half of the several blocks from the East River to Jackson ave., and one half of each block thence to Dutch Kills, for \$104,000. About 30 feet of this property will be used for the Woodside, Railroad, and the balance reserved for building lots. Thomas Clapham has commenced the erection of a large house of Connecticut bluestone, with Ohio stone trimmings, on the 21 acres of land which he recently purchased of Mr. Stephen Taber, near Glen Cove. The land cost \$31,000. The Ketcham place at the intersection of Main and Prospect sts., Huntington, L. I., has been sold for \$7,300. Daniel's Island, one sixteenth of an acre, has been purchased for \$1,500 by the Glen Cove Gas Works.

New Jebsey Sales.—At Rutherford Park there have

L. L., has been sold for \$7,300. Daniel's Island, one sixteenth of an acre, has been purchased for \$1,500 by the Glen Cove Gas Works.

New Jerser Sales.—At Rutherford Park there have been some large sales of lots for first class residences though there is a general disposition to avoid the meadows and retreat further up the road, near the market towns. Buyers have examined the suburbs about Passaic Village, and Acquacknock Township sales are very frequent. Clifton lands are selling for villa sites to large buyers, and are held at a high figure. Crowds daily visit the Lake View lands in connection with the Cemetry, which is beautifully situated on Dundee Lake, a recent enactment having driven all new cemeteries out of the city of Paterson. The cemetery is under private management, and lots sell for from \$100 to \$200. The Paterson and, Newark Railway has reached the Erie Railway, and is promised to be finished by the 1st of August. The agent of the Lynch Farm Property near Weasel recommends a lake to be formed on the marshes. The Pompton Railway has received an impetus from the recent enactment authorizing a new bridge across the Passaic connecting with the Erie Road. The excitement, this week and last, among property holders near the proposed sites has been considerable, and large sums of money are being offered to gain positions. Property holders on the opposite side of Paterson have increased the agitation by alding to prevent its location near newly available property. There is considerable combination against the new Highland Park, and an attempt has been made to gain possession of it by other parties; but there have been several negotiations for villa sites under the new regime, and the prices, though moderately low, have advanced. Twenty acres of land in Bergen County, opposite Riverside, purchased three years ago for \$400 an acre, are under negotiation for \$1,000. The city is rapidly growing northward, and the heights are being improved and occupied. Jaques of No. 208 Broadway has sold 30 acres near Ramsa

#### MARKET REVIEW.

BRICKS Business has continued good throughout the week, and the receipts from day to day have found a rapid sale. Prices for all the common grades have ruled very strong at full previous figures on pale, and at a trifling

advance on North River hard, few, if any lots of the latter now selling below \$10 50, and some of the best running up as high as \$13 50 per M. A few loads of the new crop have come down the river, but owing to the stormy weather which prevailed during the process of manufacture there were of a rough and undesirable quality. In fact the miserable and unsettled condition of the weather during the past month is the main cause of the prevailing state of affairs in the brick market, the production having been delayed so long beyond the time calculated upon, that the old stock, though large enough early in the spring to lead to the hopes of an early reduction in rates, has now become almost entirely exhausted, and sellers have gained a great advantage. The yards, however, are now pretty much all prepared to work to their full capacity, and ten days or two weeks of steady clear weather would so materially increase the supply as to check any further advance if it did not cause a decline. Jersey hards are still out of market, though some are expected next week. Fronts. both Croton and Philadelphia, are received in quantities about equaled by the demand, and prices remain steady. The shipments are 59,827 to New Granada.

CEMENT.-This market is without important alteration; the rate for Rosendale remaining at \$.75 per bbl., and local dealers operating freely. The shipping demand is good, particularly from the Southern coast, but there is is not much going forward at present, owing to a temporary scarcity of freight room. During the week 470 bbls. have been exported, and 500 sent to San Francisco.

DOORS, SASH, AND BLINDS.-The general inquiry continues very good, and manufacturers are turning out stock freely. Full previous rates are current, and pretty firm, in view of the comparatively high cost of labor and material; but after the first flush of spring trade is over buyers look for rather easier terms.

FOREIGN WOODS. - The wholesale market is very dull, and only few large parcels have changed hands, but the jobbing trade continues fair, and nearly all kinds are selling to some extent. No changes are made in the general range of quotations. The receipts have been as follows: 159 logs Cedar from Trinidad, Cuba; 323 do. from Fernandina; 152 do. from Nuevitas; 207 do. and 108 spars Lance wood from Mansanilla. The only lot reported for export was 60 logs Mahogany to Liverpool, valued at \$1500. To San Francisco 66 pieces Lignumvitæ were forwarded.

GLASS .- The market for French window glass continues very active, and the stock is daily growing smaller, some importers being almost entirely sold out, and others refusing to execute large orders, but dealing their supplies out a little to this one and a little to another, in order to serve all as nearly alike as possible. The demand comes from all parts of the country, and even Boston dealers have written, begging for enough stock to enable them to fill pressing orders until cargoes unexpectedly delayed shall have have come to hand. The sizes most sought after, and in lightest supply, are 14 to 16-inch, but with the exception of the extremes of small and large measures, all kinds are selling well. Prices remain firm, and on desirable grades rather buoyant, but aside from some slight reduction in the rates of discount, sellers as yet have gained no important advantages.

HAIR.—There is nothing new to advise in this market the supply and demand being about equal, and prices showing no essential variation.

HARDWARE.—While all other styles have become quite dull, builders' hardware is still reported in good demand, and generally at full prices. There is occasionally some shading in buyers' favor however, particularly when dealers are anxious to work off undesirable goods, or odd lots of favorite manufacture.

LABOR.-No strikes have taken place since our last and the workmen as a general thing appear unwilling to ask for any further, advance at the moment. There is a brisk demand for labor, in the country towns, and the high prices paid is attracting a large number of men from the city. The most important movement of the week was made by the Operative Plasterers at a large meeting on Tuesday, evening last. According to the call, the object of the meeting was to consider the propriety of rescinding section 2 of article 14 of the by-laws of the society.

The following resolution was offered:-

That the law be hereby repealed that prevents members of the society from working for boss masons with brick-

A lengthy discussion took place, pro and con, some favoring a postponement of action until after the meeting of the Plasterers' Convention, which takes place in July, while the majority seemed\_to urge an immediate repeal, principally on the ground, that the plan of preventing the men from working with bricklayers had undergone a fair trial for a year, and the result was that this society had taken from their members from twenty-five to fifty cents per day, and given it to the bricklayers. A year ago there were from fifty to sixty bricklayers working at plastering in the city. Now there were over three hundred who were doing the jobs that properly belonged to plasterers, and members of the society were without employment.

The vote when taken stood 259 in the affirmative, and 75 in the negative, and the resolution was declared adopted having received the vote of two-thirds of the members

LATH .- Buyers and sellers still remain very wide apart in their views, and the business during the past week has been so small as to be unworthy of record. The stock in the hands of receivers remains about as before, and the majority say they intend keeping it all piled out and of adding such little lots as may arrive until \$3 50 per M., at least, is obtained. The arrivals here have been moderate and not many are expected, millers claiming that at the ruling rate for laths they have no margin, and that lumber is the most profitable shipment. The stocks in the hands of dealers have become much reduced, and many are anxious to replenish; but as they refuse to pay above \$3 25 per M., very few are enabled to make contracts. The present position of affairs indicates an early settlement of the difficulty, and we await the result with interest. In the meantime prices must be considered as entirely nominal.

LIME.—There has been no arrivals of Rockland during the week, and with stock affoat entirely disposed of, the market has been quite and nominal, at \$1 10 per bbl. for common, and \$200 for lump. In the meantime a brisk retail demand is working off the supply in the hands of dealers, and as soon as cargoes begin to come forward some improvement in rates is looked for. North River is less plenty, and all received finds a quick sale at the above

LUMBER .- Our city trade from the yards has been good throughout the week, and is becoming more general, there being very few if any dealers without a fair amount of business on hand, particularly when anything like clear weather prevails. As far as our observation goes, and the inquiries made have been thorough, no change in prices can be quoted as yet, but in some quarters there is a less confident tone noticeable in regard to the future, and we understand the same feeling is to be found in the Albany market. This is owing in a great measure to the unexpected large number of logs brought down the streams in all parts of West and East by the late freshets, from which it is thought the mills will be enabled to produce a supply fully equal to, if not exceeding all probable demands. The receipts are slowly increasing and contain more desirable stock some via Erie Canal being well and thoroughly seasoned, though there is not an abundance by any means. The largest amounts to hand as yet have come down the Northern Canal, and these continue green, having in most cases been run direct from the mills to the boats. For black walnut there is a good and rather increasing demand not only from cabinet makers, but from carpenters and builders, who find this style of wood becoming a great favorite for house work and for fitting out offices, counting rooms, &c. The first cargo of walnut through this Season. came down the river during the past week, and is of very fine quality. Eastern spruce is still in very active demand from our local trade, everything finding ready sale upon arrival even the poorest specifications being willingly taken by buyers in their anxiety to obtain stock. The receipts have been very small, and the little now known to be on the way is pretty much all sold shead. Prices remain nominally as before as no sales have been made at above \$22 00; but some very high bids are spoken of, mostly made by parties who had contracts to fill and who were absolutely suffering for want of lumber. At present the market certainly has a very strong look, but how long this will continue we cannot venture to predict, as the amount forwarded from the East and the rapidity of its arrival, here will be the pivot upon which the advantage will work; and both buyers and sellers are each hopeful that the turn will be in their favor. Southern pine is scarce and several cargoes could be quicyly sold were they here. The tendency of rates is still upward and, the general quotation now given is \$82 00@35 00, though, with millers stiff at \$22 00, and freights to New York costing \$12 00@13 00 per M, it will be seen that at the above rates receivers have no margin for profit. The few lots recently received were to fill contracts made early in the season, and in most cases at what would now be considered very low rates. Southern Pitch Pine timber is quoted at 35@ 42c. per foot; some very desirable lots a triffe higher. The export demand has been moderate, and the amount going out is much smaller. Shippers complain of the continued depression in all the foreign markets, and find very little encouragement in forwarding stock except in the way of filling up spare freight room. We note the engagement, however, of a brig to load with lumber to Buenos Ayres at \$20 00; per M. The principal sales reported since our last embrace about 300,000 feet eastern spruce at \$20 00@ \$22 00, 500,000 feet white pine boards at \$28 00@\$30 00, mostly at the inside rate; and 700,000 feet Southern pine at \$32 00.

#### The shipments of Lumber have been as follows:

Value ~	\$3,093	<b>\$</b> 77,877	\$173,206

The only shipments besides the above were 1,485 pieces of plank to San Francisco; 14,930 staves to do.; 10,000 staves to Great Britain; 17,281 do. to Continent; and 21,600 to West Indies. The receipts embrace only 450 pieces piling from Shulee, N. S.; 12,454 feet of boards; 87,000 piekets, and 72,000 laths from St. Johns, N. B., and 166,600 shingles from Newberne, N. C.

The supply at Buffalo has been somewhat reduced, shippers having rushed off all possible, while freights were low; and now that transportation is less freely offered and has obtained a more settled basis, there will be less anxiety to forward stock. The published accounts at the West this week are meagre, but the few which we receive, together with private information, all tend to confirm the statements printed in this column, during the past two or three weeks, to the effect that freshets were bringing down an immense number of logs, and that nearly all the streams, both large and small, would be pretty thoroughly cleared out. From present indications it would appear that nothing but a drought is likely to prevent the mills from running to the full extent of their abilities throughout the season, and that the estimates of production made during the month of April are likely to fall considerably short of

The Chicago reports represent the market as rather firmer, though at a rather lower range of prices than last week. Strips were most sought after at latest dates, though buyers generally were enabled to satisfy their wants, and as a general thing the supply rather exceeded the demand. The cargo sales reported embraced a lot of hemlock at \$10; several parcels of coarse joist, timber, &c., at \$11.25@\$11.50; scantling and joist at \$12.00 of very good quality; \$12.00@\$14.50 for boards and strips; and \$15.00@\$16.00 for mixed cargoes, but mostly boards. General quotations remained about as before, and we give them as follows:

The Toledo market remains steady and uniform on all desirable qualities, and a good fair business was doing.

desirable qualities, and a good fair business was doing, both with the local and shipping trade. Prices reported were as follows:

ROUGH LUMBER.—Clear, \$50; Second Clear, \$45; Box \$40; Stock Boards \$20@\$22; Common Boards, \$16; Cull Boards, \$11; Fencing, \$17; Cull Fencing, \$11; Common Strips, \$30; Clear and Second Strips, \$45; Joists, Scantling and Timber, 18 feet and under, \$16; do. Cull, 20 to 24 feet, \$19@22; Cull Joist, \$10.

Cedar posts, 18c.; Lath, \$3.00; A 1, 18-inch Sawed Shingle, \$6; No. 1, 18-inch Sawed Shingle, \$5.50; No. 1, 18-inch Shaved Shingle, \$7,

DRESSED LUMBER.—Clear and Second Flooring, \$40; Common Flooring, \$30; Common Siding, \$17; Clear and Second Siding, \$25; Stock Boards, \$24; Common Boards, \$15; Oval Batts, \$35.

At Milwaukie a rather better trade was reported, and at the reduction made last week the market at latest dates was steady. Quotations as follows:

Clear Plank, \$50@52 50; Second Clear Plank, \$45@49; Clear Boards, \$45; Second Boards, \$40; Third Boards (box), \$30; Second Flooring, dressed, \$40; Common Flooring, dressed, \$30; Second Siding, dressed, \$27; Common Siding, dressed, \$22; Stock Boards, \$15; Common Boards, \$16; Fencing, \$17; Joist and Scantling under 20 feet, \$14.50@16; Joist and Scantling, 20 feet or over, \$20@25; Lath, per 1000 feet, \$0.50@30.00; Shingles, best sawed, \$4.50@4.75; Posts, \$12.00@\$16; Sawed Timber, \$20@\$30.

A few cargoes strips and scantlings sold at \$13.00@14.00. Cincinnati advices still speak of considerable irregularity on green lumber, with not much business doing; but seasoned stock was in demand and steady.

The latest reported yard rates were as follows: Clear white pine \$50.00@\$65.00 per M.; Hemlock boards and joists \$18.00@\$20.00 per M.; Pine joists and timber \$25.00@\$27.50; Flooring \$40.00@\$65.00; and Siding \$27.00@\$30.00. Hard lumber was quoted as follows:—Oak \$17.00@\$20.00 per M.; Ash \$20.00@23.00 per M; Cherry \$28.00@30.00 do.; Walnut \$25.00@30.00 do.; and Poplar \$22.00@\$23.00. Soft Pine at \$22.00@25.00 per M.

The St. Paul prices are as follows:

1st Common Boards nor M

In yard, \$14.00@\$16.00 for 2d and 1st Common Boards; \$20.00@\$22.00 for stock boards; \$25.00@\$30.00 for wagon box boards; \$16,00 for joist and dimension, 18 feet and under; \$20.00@\$24.00 for do., 20 to 30 feet; \$33.05 for 1st flooring, \$25.00 for 2d do.: \$25.00@\$30.00 for rough flooring; \$40.00@\$50.00 for 1st clear; and \$35.00@\$45.00 for second do.

The Minneapolis market is well supplied, and not unusually active. Prices remained about as before, but were without much strength. We quote:

	Programme and the state of the	

The Taylor's Falls, Minn., Reporter says that 30,000,000 feet of logs were sluiced at Snake River within a week.

The following appears in the Wabasha Herald:

"David Cratt left for down river early in the week with the largest ratt ever floated from or past Wabasha. It contained twelve strings fifteen cribs long, or a total of one hundred and eighty cribs, which contained one and one-quarter million feet of lumber, besides one and one-half million top load. Beat it who can."

The Stillwater (Minn.) Republican of the 19th inst. says:

"Nine rafts have been sent forward, containing six million four hundred thousand, of which Hersey, Staples, & Co. sent three, D. Cover four, Anderson, Peevey & Co. one, and Schulenburg & Co. one lumber raft containing two million feet, which is the largest raft ever floated down the river.

The market was steady at \$10.00@\$12.00 for logs loose; \$12.00@\$15.00 for do. rafted; \$14.00@\$16.00 for Common Boards; \$16.00@\$18.00 for fencing; \$20.00 for stock boards; \$25.00 for wagon box boards; \$12.00 for sheatfing; and \$9.00 for culls. Joist and dimensions, 20 feet and under, \$16.00@\$17.00; 22@24 feet \$18.00\$19.00; and 26@30 feet \$19.00@21.00. Clear stuff \$35.00@\$40.00, and \$50.00, the latter for 1½@11@2 inch.

The Republican also contains the following:

"A jan of logs in the Dalles, containing fifteen million feet, threatened to be serious, but has yielded, and the St. Croix river is now filled with logs. The drives are coming in rapidly at Taylor's Falls."

A correspondent of the Detroit Free Press, writing from Alpena, Mich., after giving a description of the place which is situated at the mouth of Thunder Bay River, about 195 miles north and 10 miles east of Detroit, proceeds as follows:

"The main resources of Alpena are, of course, pine timber, coming by course of the river tributaries from the interior, which makes 470 miles of log running streams, and this without ditching, widening, or any of the devices adopted to extend or improve streams as in older lumbering districts. The improvements in the lumber manufacturing business are taking place as rapidly as could be expected, and the village of Alpena, now the county seat of Alpena county, contains a population of 2,600 inhabitants."

There are thirteen saw and shingle mills in the town, the aggregate production of which was as follows during the season of 1867.

Total number of feet of lumber	87,240,398
Total number nieces of lath	19 176 050
Total number shingles	13,067,000
Total number shingles. Total number of pickets.	200,000

The amount of logs cut here last winter are shown as follows:

There are also in operation in this place two large planing mills, sash, door and blind manufactory, which turns out excellent work.

Decrease.....

There has been rather a quiet state of affairs at Troy during the past week, the unpleasant weather and very high condition of the river rendering carting, shipping, &c., almost out of the question, and of course greatly checking business. The sales thus far have been below

the average of 1867, but dealers generally considered the prospect as encouraging, and remained very firm. The few buyers in the market seemed to direct their attention principally to coarse lumber and shingles, but of the latter there will be plenty for all present demand, the supply being considerably in excess of the amount usually on hand at this season. Good dry pine lumber and boards were scarce and rather buoyant. Rates about the same as at Albany.

Freights on soft wood to New York \$1.50 per M. feet. Hartford \$3.25; New Haven and Bridgeport \$2.25; Norwich and Middletown \$2.75; Providence and Fall River \$3; Baltimore \$5; Washington \$4; Philadelphia \$3.50; Richmond \$5; Boston \$4, and add about \$1 per M feet for hard wood.

The Eastern markets continue active, and prices in most cases very steady and uniform. At the mills business was driving along very lively, and will probably continue so while the water holds out, pretty much all the logs having come down, and the amount of stock now awaiting cutting being much larger than was anticipated. Freights were high and scarce, though rather more vessels were offering than last week. The following items appear in the Portland (Me.) Press of May 25th:

The Androscoggin river reached its highest point Friday morning, rising several feet last night. The Journal says the lumbermen are coming on "swimmingly" with their

The Mechanic Falls Herald says the rivers and brooks have risen up very high and a great deal of damage has been done to the roads.

been done to the rosus.

The Saco Courier says Saco river is on the rampage, which is not to be wondered at considering the recent water-fall, which far surpasses anything that the most ambitious belle ever attempted. Considerable anxiety has been felt by our lumber merchants about the boom, in which were more logs by several acres than were ever seen than were ever seen to see the several conditions. which were more logs by several acres than were ever seen there before. Many logs have shot over and under the boom, and have lodged against the bridges. Probably about two thousand have gone to sea; but as the water has undoubtedly reached its highest point, it is hoped that no further damage will be done.

The Portland prices were as follows:

A Boston report says:

A Boston report says:

The lumber market continues active at full prices, and stocks are being rapidly reduced. The demand is both for consumption and export, and builders in Boston and vicinity are taking good-sized lots.

The receipts thus far have been light, and the stocks of old lumber remaining at Eastern and Northern shipping points are nearly exhausted. Large orders have been placed for the new cut. But, until the late plentiful rains, manufacturing operations have been in abeyance, and the supply of logs could not be floated down to the mills. There is now a better prospect for the trade, and new lumber, to replenish the depleted stocks of dealers and shippers, will soon be coming forward quite freely.

The St. Johns (N. B.) Prices Current, of May 15th, re-

The St. Johns (N. B.) Prices Current, of May 15th, reports a few changes in freights as follows:

ports a few changes in freights as follows:

The transactions in West India freights have been few—rates firm. We hear of the following: Detotia, 300, for Cardenas, Matanzas, or Havana, 23c, and \$725; Proteus, 220, Cardenas or Matanzas, \$8.

Coastwise freights are scarcely so firm as last week. We hear of the following transactions: Susie Prescott, 99, for Boston or Newport, at \$425 and \$525 respectively; Aurora Borealis, 89, at \$425; Osprey, 67, at \$4; James, 30, at \$4; Duke of Newcostle, 86, at \$4; Louisat, 117, at \$4-all for Boston; Blue Blrd, 144; Adelia, 114, and Fleetveing, 90—all for Providence, at \$5; Speculator, 71, Port Norfolk, \$4; A. F. Randolph, 155, Philadelphia, \$5; Ambro, 99, Philadelphia, iron, \$4; Helen Hastings, 122, Newfoundland, \$800, lump sum.

The Southern markets are reported firm, and in the majority of cases, millers are doing well, the greatest difficulty they now have to contend with being the scarcity of logs. The direct shipments to foreign ports have fallen off somewhat, but every thing turned out, will probably be wanted along the coast, and at remunerative rates. The Charleston quotations are as follows: River Flooring Boards at \$15 00 per M. feet. Scantling and Plank \$10 00 @13 00. Mill Timber good \$11 00@12 00; and common to fair \$5,00@7 00. City sawed lumber \$15 00@80 00 per M.

The exports from Charleston from Sept. 1, 1867, to May 21, 1868, were 10,686,201 feet of lumber, of which 1,408,841 went to foreign ports—mostly West Indies; and 9,277,360 feet coastwise. Of the latter 4,209,938 feet were consigned to New York; 2,279,783 to Philadelphia; 1,324,820 to Baltimore; 116,192 to Hartford, Conn.; 1,058,424 to Providence, R. I.; and 288,203 to other United States ports.

At Wilmington the lumber market was quoted firm, and the mills generally being on orders, though but little stock arrived by the river. Timber was coming in slowly, and continued in active request for mill purposes. A few rafts arrived during the week, and sold at quotations given be-

Shingles were not coming forward very freely. The market, however, was well supplied with Common, for which there exists but a nominal demand. Prices are quoted at \$2 50@\$8 per M. The demand for Contract brisk in the absence of arrivals, and the market firm at \$4@\$5 per M.

We give closing rates as follows: Timber at \$12@\$14 for shipping; \$9 00@11 00 for prime mill; and \$5 00@8 00 for inferior to fair do. Lumber at \$10 00@12 00 for wide boards; \$8 00@10 00 for scantling; \$15 00@17 00 for flooring; and \$18 00@25 00 for West India cargoes.

A Savannah report says of Timber:

"The arrivals the past week have been moderate, principally by rail and from the Ogeechee and Canoochee rivers. Most of them have been taken up, but in consequence of duliness in foreign markets and the lateness of the senson, the demand is not as brisk as it was a few weeks ago." Of Lumber: "Bills have been freely-offered, and the mills are working full time. Prices have an upward tendency."

The quotations as revised are as follows:

At Savannah: \$7 00@10 00 per M. feet for mill timber. \$12 00@17 00 for small shipping do., and \$20 00@23 00 for large do. Lumber \$20 00@23 00 for ordinary sizes; \$25 00@30 00 for difficult sizes, and \$21 00@23 00 for flooring; \$35 00@40 00 for white pine rough; \$50 00@55 00 for do. dressed; and \$30 00@35 00 for spruce pine scant-

METALS.-Pig lead continues in good steady demand. and full former rates are current, say about 6% @6%c. gold The wholesale rate for bar lead is still 10c., sheet and pipe, 12c. Sheathing copper is worth 33c. currency for new, and 18@20c. for old. Tin plates are rather dull in a wholesale way, but the retail trade continues to take a fair amount, and are paying about previous rates. Zinc is firm, and a continued steady demand has again somewhat reduced the supply of desirable sizes. Holders generally look for about 121@121 currency.

NAILS.—Cut nails are fairly active and steady, but the general market is still devoid of tone, and we find sellers of large parcels at 4%@5c. The jobbing price is about 5@ 5tc. for 4d.@6d., according to brand. Clinch are dull, and on the inferior grades somewhat easier, the range standing at 64@6%. Zinc nails are quoted at 18c. Yellow metal, 26c., and copper 40 c. per ib. The exports for the week were 274 pckgs, valued at \$1,431, against 539 pckgs. valued at \$2,865 last week. There was also shipped to San Francisco, 3,095 kegs.

PAINTS AND OILS .- The demand is no better than last week, but has become more settled and uniform, and the market generally is firmer for all desirable styles of The supplies are fair, though not unusually Glue is selling to a limited extent at former figures. Linseed oil has met with very little inquiry; in fact sellers have frequently found it impossible to even get a bid on any parcel of magnitude, and prices in consequence have favored the buyer. We note a decline of at least two cents per gallon, current rates now standing at about \$1 13@\$1 14 in casks, and \$1 15@\$1 17 in bbls., though we hear of some parcels upon which holders are anxious to realize, being offered at \$112 or thereabouts. The exports for the week were 305 pckgs. paint valued at \$2,603, 9 kegs paint oil valued at \$90, and 1,004 gallons linseed oil at \$1,279.

PITCH .-- A good steady business was done throughout the greater portion of the week, and with no addition to the supply, prices remain firm, particularly on the prime quali-

ties, which are rather scarce. We quote at about \$3 50@ 3 75 for city and Southern. The exports for the week were 25 bbls. Since January 1st, 1,607 bbls., and for same period last year, 2,451 barrels. No arrivals.

PLASTER OF PARIS.-No further sales of any importance have taken place, principally owing to the want of a suitable supply, and prices remain nominally unchanged on lump; calcined is in fair request and steady.

PLUMBERS STOCK.—Prices on most articles remain as before, and business as a general thing is fair, though in some cases the shipping demand has partially subsided.

SLATE.—The general retail demand is improving and the yards are turning out larger quantities of stock. On some of the common qualities prices have shown a trifling irregularity, but all the fine and desirable grades continue firm at full previous rates. We hear of nothing new this week from the quarries. The receipts at this point from Pennsylvania are now quite steady, and stock from Ver mont is also coming forward more freely, but as the bulk of it is well assorted, and of kinds just now in demand dealers, have no accumulation, and manage to sell out soon after receipt.

STONE.—Common building stone, is rather dull at the moment, but for all other styles a good steady demand prevails, and there are but few if any goods without a full average force of workmen employed. Quarrymen adhere to the early spring price lists, and dressed work shows no important alteration.

A quarry of fine variegated marble has been opened at Jonesboro', Union County, Illinois, and is said to be of great beauty.

SPIRITS TURPENTINE.—The amount of stock now coming in, is not very heavy, but the prospective receipts of the new crop, are large; the demand is very moderate and prices continue to work downward. Holders in most cases seem quite anxious to operate, and the offerings are greatly in excess of present wants. At the close the feeling is unsettled and nominal at about 49@491 in a wholesale way, and 50@51 for retail parcels. Receipts for the week about 1,200 bbls. Exports for week, 32 bbls.; since January 1, 3,746 bbls., and for same period last year, 7,804

TAR.—The tendency of this market has been upward all the week, the buoyant feeling being most apparent on the fine and choice grades, of which the supply is very small. Holders of the common qualities, however, in order to sell, find it necessary to accept about former rates, though there is no pressure to realize. We quote at \$3 00 @\$3 871 for common to prime North County, \$3 75@\$4 25 for do Wilmington, and \$450 for Wilmington, thin selected and in yard. The receipts for week are 233 bbls. Exports for week, 107 bbls.; since January 1st, 8,202 bbls., and for same period last year, 2,987 bbls.

#### ALBANY LUMBER MARKET.

The Argus of May 26th reports as follows:

The business of the week has been large, but the shipments have been much interfered with by the freshet. The attendance of Southern buyers in the district this A.M. was quite numerous, including several who are here to hurry their purchases forward, at present much hindered by high water. The prices of all descriptions of lumber are very firm, and the tendency is to a further advance. The receipts during the week have been large, but the sales have kept pace therewith, and the assortment of stock at some yards has been much broken in upon.

The receipts at Albany by the Erie and Champlain anals for the second week of May, were of Lumber, 19,693,100 feet; of Shingle, 2,578 M., and of Staves, 1,498,-500 Ds. Of the Lumber, 11,295,000 were by the Erie, and 8,398,000 feet by the Champlain Canals. At Chicago the receipts of Lumber for the week ending May 23d, were 80,463,000 feet. At Buffalo, for the week ending May 24th, they were 6,423,500 feet, and at Oswego, 10,713, 200 feet.

Freights were unchanged. The Albany quotations now stand as follows: @ \$60 00 @ 55 00 @ 50 00 @ 28 00 @ 22 00 @ 60 00

#### DOMESTIC ITEMS.

THE dome of the Capitol at Washington is the most ambitious structure in America. It is a hundred and eight feet higher than the Washington Monument in Baltimore; sixtyeight feet higher than that of Bunker Hill, and twenty-three feet higher than the Trinity church tower, New York. It is the only considerable dome of iron in the world. it is a vast hollow sphere of iron, weighing 8,009,200 thousand tons, or about the weight of seventy thousand full-grown people; or about equal to a thousand laden coal cars, which, holding four tons a piece, would reach two miles and a half. Directly over your head is a figure in bronze, "America," weighing 14,985 pounds. The pressure of the iron dome upon its piers and pillars is 13,477 pounds to the square foot. St. Peter's presses nearly 20,000 pounds more to the square foot, and St. Genevieve, at Paris, 66,000 pounds more. it would require to crush the supports of our doom a presure of 755,280 pounds to the square foot. The new wings cost about \$6,500,000. The architect has a plan for re-building the old central part of the Capitol and enlarging the park, which will cost about \$3,200,000.

WE have recently seen notices of the extended use of alkaline silicates in Germany for the preservation of building materials, both wood The latter application may be and stone. noticed here, with the remark that such a fire as that which recently occurred at Charingcross Station, could not have happened if the woodwork had been protected by the means noticed. The cost is but small, and the immunity it gives from fire is complete. According to the expired, and almost forgotten, patent of De Wylde, the woodwork is first saturated with a very dilute solution of silicate of potash, as nearly neutral as possible, and when this has dried, one or two coats of a stronger solution are given.

A. H. LEE, of Randolph County, Ill., the man who drew the Crosby Opera House, Chicago, returns an income for 1867 of \$213,831 80, on which he pays an income tax of \$10,691 69.

JOSEPH HALL, has sold the Model Mills in Rochester, this State, to Charles S. and A. J. Hall, for \$65.150.

It is singular, but nevertheless true, says the New Orleans Picayune, that houses can now be built in New Orleans at least fifteen per cent cheaper than before the war, taking gold as a basis, and this undoubtedly accounts for the decided activity in building which is now noticeable in all portions of the city, but especially in the Fourth District and on the lines of the uptown railroads.

THE owner of a house and lot, 25 feet by 75, at the corner of the Rue de la Pain and the Boulevard, in Paris, received \$350,000 in gold for it from the government. The tenants also received 100,000 indemnity for giving up their three years' leases. The property was taken for the opening of a new street.

In the old town of Edinburgh, it is stated, there are 13,000 families, consisting of 60,000 individuals, living in one-roomed houses, and that 1500 rooms are the abodes, day and night, of from five to fifteen persons. About 120 have no windows, and 900 of them are cellars.

THE Chicago *Tribune* newspaper as a property is probably worth a million dollars, and this year it is building for itself an extensive office establishment, completely of iron, and stone and brick, to cost \$700,000.

IN Michigan, nearly 400,000 acres of land, which have been withdrawn from market since 1865 for ship canal purposes will, on the 15th of June next, be restored to market again at Marquette.

W. P. WYMAN & Son, of Augusta, Me., turn out yearly 24,000 doors, 30,000 window sashes, and 20,000 sets of blinds. Half this product goes to San Francisco; the rest finds ready sale in New England.

THE Catholics are building a \$100,000 hospital in Troy, N. Y.

THE real estate transfers in Chicago last Saturday aggregated \$136,000.

A YEAR ago A. D. Jones bought one hundred acres of land near Council Bluffs, Iowa, for \$1,000. Lately, he sold it for depot grounds for the railroad, at a profit of \$36,000.

A RAFT containing 3,000,000 feet of lumber and 2,000,000 lath and shingles is noticed by Sauk Center (Wis.) *Herald*, as probably the largest ever floated in one body in that state.

ONE real estate agent in Boston has within the past ten days sold real estate to the value of \$669,100.

THE First National Bank, Boston, has purchased the Otis estate corner State and Devonshire streets for \$500,000.

PITTSBURGH has thirty-three iron, eight steel, and two copper rolling mills. The iron mills have a daily capacity for 1,200 tons.

PROPERTY on Main street, Oneida in this Ttate, has risen from \$3 to \$8 per foot within a few months.

BUILDERS and others, who are looking for cheap and efficient ranges and heaters, are referred to the advertisement of Messrs. Sangford, Truslow & Co. in another column.

BOSTON REAL ESTATE.—Real estate movements in Boston are very active. The *Traveller* of the 20th says of the prospective building operations:

DURING the first week of May, in Chicago, one hundred and ninety-nine warranty deeds were filed for record. Real estate to the amount of \$1,133,526 was sold in six days.

On Thursday last week there were nineteen transfers of real estate in Chicago, amounting to \$42,000. The day following there were thirty-two transfers amounting to \$153,000.

The oldest lumber mill on Fox river, Wis., is that now owned by Boughton & Thomas, which was built in 1836. It can cut 2,500,000 feet of lumber and 2,000,000 laths and pickets per year.

Mr. John H. Schoenberger, of Pittsburgh, has subscribed \$100,000 towards rebuilding Trinity Church, in that city. The congregation will add \$100,000.

TRANSFERS of city real estate, in Chicago, on Wednesday, 20th—amount, \$90,600; on Thursday, 21st—amount. \$50,415.

CINCINNATI is soon to attempt a "National Academy," to cost \$30,000.

THE corner-stone of the new Roman Catholic Cathedral at Brooklyn is to be laid next month. The edifice is to cost \$1,200,000.

It is stated that Northern men have purchased real estate in and around McMinnville, Tennessee, to the amount of \$84,688, during the past year.

THE Pioneer estimates that \$1,000,000 will be expended in building in St. Paul, Minn., this year.
