MARKET REVIEW.

BRICK.—The market has remained rather quiet for the week and the dealers consequently have been unable to maintain the slight advantage the meagre supply had given them and through which they were enabled to press the prices to a rise. A falling off is noticeable in all kinds, and we quote Haverstraw Bay brick \$7@8 per M, the finer qualities reaching as high as \$8.50 do; up-rivers and New Jerseys, \$6@6.50 do; Pale, \$3.50@4; Croton Fronts, \$12@16 per M.; Philadelphia, \$4@5 do. from yard.

HAIR.—A dullness prevails but the quotations remain firm, because of limited supply, as follows: Cattle, per bushel, 28c; goat, 55c do.

LATH.—With business a little quiet lath holds to the quotations of last week and we quote Eastern at \$2.30 per M.

LIME.—Is unchanged: dullness pervading, and quotations unaltered. We quote, Fort Ann, Glenn's Falls, Bald Mountain, and Rockland, \$1.25 per bbl. for common, and \$1.75 do. for lump or finishing.

LUMBER.—Business at the yards continues very dull; at times a run will occur for some few days when it happens that stock for immediate use is required by consumers, but these transitory spells only serve to make the times seem the duller. Another discouragement for dealers is found in the tightness of money.

The trouble with the strikers at the Western mills has not yet been settled, but the firmness displayed by mill-owners has caused a wavering amongst the strikers that will unquestionably be followed by complete submission at an early day. Meanwhile the manufacturers of the Saginaw Valley have taken steps to supply their mills with operatives from other parts of the country; they offer laborers \$2.20 per day of twelve hours.

In the West Branch District, Williamsport, Pennsylvania, the employers, after making every concession without avail, have formed a combination against the strikers and closing their mills will wait until the laborers offer satisfactory terms and substantial evidence that they intend to abide by them. The combination embraces all the members of the Exchange. They have requested the Boom companies to close their booms, and recommend all wood cutters to cease operations until business at the mills is resumed.

At Albany the stock of lumber is very low with very little arriving just now because of a break in the Erie Canal; when transportation is free, however, it is believed the market will be fully supplied in a very short time.

The exports of lumber are as follows:—

Bark, 506 tons, from Philadelphia to Portland Coal, \$2.50—thence to River Plate, Lumber, \$18 and primage; one, 321 tons, from Bangor to River Plate, Lumber, \$18 and primage; a Br. Brig, 291 tons, from Montreal to River Plate, Lumber, \$22.20 net; one to St. Johns, N. F., 35c and 40c. for wet and dry bbls; a Br. Brig, 361 tons, from Brunswick, Ga., to New York, Lumber, \$12.50; two schrs., from Jacksonville to New York, Dry Boards and Resawed Lumber, \$13.50; one from Savannah to Boston, Resawed Lumber, \$14.

The Grand Rapids, Mich., Daily Times says:—The tail of the "Big Drive" on the Muskegon has passed Big Rapids, and log drivers are happy. Fires are said to be raging in the woods in the vicinity of Sand Lake and in other places in the north woods. Some of the Muskegon mills are now on a short allowance of logs. In case the mill hands strike, the owners will shut down their mills. The Troy Times, July 13, reports:—During the past week there has been no change in the lumber market. The dullness, which originated from the strikes in New York, still prevails, and a bad week was a little more intensified by the hot weather and the Fourth

of July. Any improvement can scarcely be expected before the beginning of next month, and the result will be, that the business will nearly all be crowded into the Fall months. Receipts are still light, but on account of the shipments being so small, lumber is accumulating somewhat. The amount of stock now in the yards is light for the season, and there is no fear of any excess of lumber this year. Prices are unchanged, although we hear of some concessions being made in order to effect immediate sales.

From the Boston Commercial Bulletin, July 13:—The market for lumber has been but moderately active during the week, the hot weather tending to prevent large transactions. July, generally is a dull month; consequently dealers are not disappointed at the lack of stirring business. Prices, as a rule, are firm. Some grades of Eastern, in view of plentiful supply, are shaded a trifle. There has not been this season, as in previous ones, that gradual decline in prices as the season advanced and lumber arrived freely; and the prospect now is that there will be none during the remainder of the summer.

Of Eastern the arrivals have not been large, and yet the market is pretty well supplied with the exception of spruce. Hemlock boards are dull, and in abundant supply. Laths are dull. Clapboards and shingles show a little more life. The mills are all running on full time, with good water supply and no present appearance of a drought.

The demand for Canada and Western is not active from the city—but much better from the surrounding towns. This is attributed to the large number of buildings now in process of erection in the suburbs. The stock of dry lumber never was lighter than at present. Prices, in view of the high freights and the strike of the millmen in the lumber sections, are very firm with an upward tendency. Black walnut is about \$3 higher than last season. This is due to the short supply, which did not come up to the anticipations of dealers, and to the advance in freights. The foreign demand continues active, and vessels are wanted to load at ports in the Provinces.

There have been few arrivals of Southern, consisting for the larger part, of boards. Part of a cargo of resawed was received and promptly disposed of at about \$98. Even at this price, considering the advance in freights, the transaction is equivalent to former prices. The supply is not accumulating, being shipped about as fast as received. A contract was made during the week for freights at a price \$3 higher than ever paid before.

The following are the surveys for the week:—

DOMESTIC LUMBER.	Feet.	DOMESTIC LUMBER.	Feet.
Pine	515,555	Black Walnut	7,055
Hard Wood	21,940	So. Pine Plk. & Tim.	146,716
Hemlock	551,084	Spruce	2,408,518

Total 3,645,568
Corresponding week last year 4,801,576

The Savannah Morning News, July 12, says:—LUMBER.—The demand continues very active, the difficulty being in securing vessels. The market continues firm at outside figures.

TIMBER.—The receipts for the past week have been fair, and the demand is good for all classes.

FREIGHTS.—Rule high in consequence of the lack of vessels, particularly for coastwise exports of timber and lumber, which are readily placed at full rates. LUMBER—To Philadelphia, \$11; New York and Sound ports, \$12@14; to Boston, \$14; to Baltimore, \$10@11. TIMBER—The rates for timber are from \$1.50 to \$2 higher than lumber rates. Vessels are wanted to load at Jacksonville, Brunswick and Darien at \$1@2 additional for change of ports, To Cuba, nominal. To River Platte, lumber, \$23, and 5 per cent. primage.

The New Orleans Price Current, July 10, says:—The stock on hand is ample but the demand extremely moderate, compared to what it usually is at this season of the year. Shipments to foreign ports are being made direct from the mills. We note the schooner Eugenie loading at Pascagoula for Indianola, will take 55,000 feet. Cargo lots are quoted at \$14@15 per 1000 feet for inch Boards; \$12@14 for Scantling; \$13@14 for Rough Weatherboards, and \$16@18 for Dressed. Rough Flooring is selling at \$15@16 and Dressed at \$22@22.50; Dressed Ceiling, \$18@20; Cyprus, \$20@25; Common Shingles, \$3.50@4, and Laths, \$2.50 for Lake, and \$2.75 for Pensacola. General orders for Rough and Dressed lumber are filed at \$4 per 1000 feet on cargo prices.

From the Chicago Times, July 13th:—Vessels were in good demand on Saturday, rates ruling essentially unchanged, as follows:—

Two Rivers	\$2 25	Muskegon	\$2 25
Manistee	3 00	Whitehall	2 50
Ludington	2 75	Grand River	2 25
Pentwater	2 75	Green Bay	3 50
Menominee	3 50	Oconto	4 25@4 50

CARGOES.—Saturday was one of the most active days in lumber of the present season—upward of 45 cargoes being sold during the day. The attendance of both city and country buyers at the Franklin street exchange was unabated, and though the receipts were unusually large, buyers readily paid Friday's advance, the demand being remarkably brisk. The recent dry weather has left very little water in many of the streams in the lumbering districts in Michigan and Wisconsin, and as a large number of logs will be "hung up," and several mills will certainly "shut down" shortly, a firm market is generally anticipated during the remainder of the season. We quote the closing prices as follows:—

Choice mill-run lumber	\$17 00@19 00
Good to choice strips and boards	14 00@16 50
Common strips and boards	12 00@13 50
Common mixed lumber	12 00@13 00
Joist and scantling	11 75@12 00
Shingles	2 80@3 00
Lath	—
Pickets	8 00@10 00

No new features were developed in the yard trade of Saturday calling for extended remarks. As on previous days of the week, the demand for common grades of building

Lumber, such as boards, joist, scantling, etc., was quite active, both on local and interior account, and prices ruled steady and firm. Choice grades were rather quiet but steady. The stocks at a majority of the yards are large.

Shingles on cars were in fair demand, prices ruling unchanged as follows:—
A, or star.....\$3 00@3 12½
No. 1 saved.....1 50@2 00

Three dollars per car to be added when transferred, which charge follows the shingles.

Thickness—Five shingles to be two inches in thickness. Length—Sixteen inches.

METALS.—Ingot Copper is lower and very little business in it being done. We quote Lake at 33@33½. Manufactured steady at former quotations, 43c for Sheathing, and 45c for Braziers and Bolts; Bronze and Yellow Metal Sheathing, 30c do, and Yellow Metal Bolts, 32c net cash. Holders of Scotch Pig Iron are not inclined to make any concessions from former quotations, notwithstanding the market is dull; they predicate a rise, because of advances already made abroad. We quote No. 1 brands Gartshierie, \$48@55; Glengarnock, \$50. No. 1 American is firm at \$52@53, very little being now produced. No. 2, without much movement, is plenty and quotes at \$50. Gray Forge is nominal at \$48. English rails are quiet at quotations, and are nominal at \$72@73 gold for new. Old quote at \$48.50 per ton for T, and \$49 do, for English and American, both gold. New American quote at \$84 and \$87.50 currency. Scrap unchanged. Refined bar unchanged, with a prospective advance. Pig lead is at a stand; prices nominal at 6½c gold; for ordinary foreign bar, 9½c; sheet and pipe, 11c; tin lined pipe, 15c do, usual discount to trade. Pig Tin is in very light demand, buyers waiting for a predicted decline. We quote Banca, 48c; Straits and English, 36@36½c do. There is a better feeling in the market for Plates, and prices are firmer. We refer to our prices current for quotations.

NAILS.—The business for the week has been steady, stocks reported light, with a demand only limited. We quote: Cut, hook-head brads, Fencing and Sheathing, 10@60d, per keg, \$6.75; cut, 8@9d, \$6 do; cut, 6@7d, \$6.25 do; cut, 4@5d, \$6.50 do; cut, 3d, \$7.25 do; cut, 2@3d, fine, \$8; cut, 4@½d, sugar-box, \$6.75; cutspikes, all sizes, \$6; cut, finishing, flooring, box, cooper's, casing, slating, trunk, and tobacco, 10@3d, \$6.25@7.25; clinch, 2 to 3 inch and over, \$7.25@7.75; horse-shoe, forged, No. 10 to 5, per lb, 21@33c. Copper, 45c per lb; Yellow Metal Sheathing and Slating, 20@32c do.

We note exports as follows:—
Past week. Since Jan. 1.
Packages.....292 11,347
Value.....\$3,092 \$51,899

OTL.—A fair jobbing demand prevails, and with most of the outside lots disposed of, the feeling in the market for lined crushers is decidedly better, without any advance in figures. We quote: Lined crushers, in casks, per gallon, 83c do, in bbls, 84c do; Lined, boiled and refined, in bbls, 90c do; outside lots in crushed, 80c do.

PAINTS.—Considering the dullness pervading business usually at this time of the year, the past week may be said to have been active. In the price list no changes have been made; there is some doubt of the future of the market for leads, the construction of the new tariff not yet having been officially arrived at.

We note exports as follows:—
Past week. Since Jan. 1.
Packages.....36 373
Value.....\$91 \$44,247

PITCH.—Without much of a market for home consumption pitch has been in good demand for export. We quote at \$3.25 per bbl.

SPIRITS TURPENTINE.—Have been in fair demand for the week, but indications of weakness have been noticed without actually effecting any change in prices. We quote Spirits Turpentine, merchantable order, per gallon, 47@47½c; shipping order, 47½@48c do; from store, 48@45½c do.

TAR.—Is yet in small supply, and the figures of last week have been fully maintained. We quote: Wilmington, as it runs, per bbl, \$4.25; Newberne and Washington, as it runs, \$3.75@3.87½ do.

ALBANY LUMBER MARKET.

The Albany *Argus* for the week ending July 10, 1872, reports as follows:—

Increased activity is reported in the Quebec markets. The demand for pine and spruce for the European markets is unprecedented. Prices have still further advanced and are higher than ever before known. The prevailing opinion in Canada is that prices will remain firm throughout the season. Some thirty vessels are now due at Quebec and Montreal to load lumber for Southern ports. The shipments to those markets this year will be very large.

Manufacturers at Ottawa evince more disposition to yield in prices, which have been too high to permit of lumber coming to this market from that section. Even if slight concessions are made, Albany prices must keep up to leave any margin on Ottawa lumber.

The indications of high rates of freight will keep up the cost of lumber from all points.

At Chicago an active business is doing, and it is expected that as the season advances prices of lumber will advance. Visitors to that city represent the activity and bustle greater than ever before known; the surprise is that the building is not confined to the burnt district, but extends to different parts of the city.

An extract from a recent private letter will give the state of things in Saginaw: "Freights are down and unless the men go to work will soon go lower. The strikes are not over yet, and it is difficult to say when they will be. Some of the small mills are running with a small crew of men. The mill owners are all firm in their determination to run 12 hours or not at all. About half of the laborers are will-

ing to work, but are influenced by the others to quit. Nearly all of the mills have made an effort to start up with a few men. Some work half a day for one or two days and then give it up. It is disastrous to the business here. No one cares to sell lumber or make any arrangements therefor. At the best, it will spoil a month's business." The Saginaw market has been braced up considerably by this falling off in production. It is estimated that forty or fifty millions of feet would have been saved out since the beginning of the strikes; and at this rate, if the mills are closed much longer the difference will be serious. The decline in lake freights has also given increased firmness to the markets. A light business is doing in the District. Fortunately stocks are unusually light or the market would become unsettled. An active demand, however, is looked for before long.

The recent break has checked receipts by the Erie canal. The receipts by the Champlain are free.

The receipts of lumber at Buffalo by lake, during the week, were 8,474,100 feet; at Oswego 10,303,400 feet.

The receipts at Albany by the Erie and Champlain canals for the second week of July, were:

Bds. & Sc't'g ft.	Shingles, M.	Staves, Ds.
1872. 3,324,000	448
1871. 13,288,000	519

Of the boards and scantling received 2,608,300 feet were by the Erie and 5,715,700 feet by the Champlain canal.

The receipts at Albany by the Erie and Champlain canals from the opening of navigation to July 15th were:

Bds. & Sc't'g ft.	Shingles, M.	Staves, Ds.
1872.111,508,600	5,392	1,624,900
1871.149,326,300	13,321	5,444,400

Canal freights from Buffalo to Albany are \$5.50@5.75 on pine and \$6.75 on walnut, etc. From Oswego to Albany, \$4 ½ M.

River and Eastern freights are quoted as follows:—

To New York, ½ M.	\$1 50
