J. T. LINDSEY, Business Manager.

NEW AND OLD NEW YORK,

The figures given by Mr. Samuel Cohen of some of his former purchases and sales of vacant lots in New York City, show how rapidly property advanced in New York in the olden times, before the street cars were established, or the elevated steam roads were thought of. But Mr. Cohen makes the mistake, which elderly gentlemen in any specialty are apt to do, in thinking that the chance for making money in the purchase of realty to-day is not as good as when he was in his prime. The fact is, there is twenty times the chance to-day of making money in real estate than there was between 1850 and 1860. New York progresses as much in one year now as it did in five a decade since. There is an abundance of property to be purchased in the Twelfth, Twenty-third and Twenty-fourth wards, which before the close of the century will increase ten and twenty-fold in value.

It is, however, true that the steam roads have destroyed the old monopoly in choice residence lots. By making larger populated areas tributary, the elevated roads and steam roads have vastly enhanced the value of the business portions of New York, but fancy house property cannot bring the same market price as it did before the construction of the elevated roads. This is because there is greater liberty of choice in the selection of eligible ground suitable for fine dwellings.

But still the fact remains, that, in no spot on earth is there so good a chance for an investment in unimproved property, as within the limits of New York City. Our population is growing rapidly and can only spread northward. The advancing tide of houses in the Nineteenth and Twelfth wards knows no retiring ebb, and wherever there is competition for ground there is sure to be a rapid enhancement in values. The greatness of New York is only just beginning, and the purchaser at present prices will realize a larger advance than any which took place twenty-five and thirty years ago.

The old Walton House in Pearl street, near the Franklin square elevated station, is now being torn down to give place to a factory for making belting. This house was built in 1754, and if any of our modern New York builders would look at the work of those days and compare it with his own, they would feel ashamed of themselves. The Walton House used to be the finest mansion in the city, if not in the country. All the material came from abroad, including bricks, tiles, mantle-pieces and interior adornments. The house to-day, as far as foundations

walls, beams, &c., are concerned, is as good as when first erected. There was no slack work in those days.

THE BUILDING TRADE.

Below is a recapitulation of the tables that we have published from week to week showing the number of houses and flats erected for the present season, together with the location, name of builders and numbers of houses sold. There have been some few sales of completed, buildings since these tables were compiled and where it was not possible to obtain information as to whether a house was sold or not it has been computed as not sold. It must be remembered that the major part of the new buildings are now nearing completion or have just had the finising touches put upon them, which fact in some measure accounts for the small number of houses sold. It should also be remembered that a number of these buildings have been erected as an investment and are consequently not in the market. This table shows that houses erected on the West Side have sold proportionally faster than those erected on the east side.

EAST OF 5TH AVENUE AND NORTH OF 42D STREET.

Built. Sold. Unsold.
1,150 137 1,013

WEST OF 5TH AVENUE AND NORTH OF 59TH STREET.

Built. Sold. Unsold.
303 43 260

It seems that there are twelve hundred and seventy-three new unsold houses east, west and north of the Central Park. This, in addition to the new and old houses below the park in the market, ought to give buyers an advantage until the demand develops next spring. It is notable that it is the very valuable houses which have had the most ready sale. The cheap houses have not been in demand, but all vacant houses can be readily rented.

The stock market seems to be in an undecided condition. Towards the close of the year the tone of the street is apt to be bearish, due to a variety of causes, the locking up of money in payment of taxes, the settling up of bills and holiday purchases. A decided rise is not expected till between the 10th of January and the end of February. street is full of points to buy this and that stock, and the probability is that those who do buy now, and hold their stocks till the 1st of March, will see better prices. The railway war must come to an end before a a great while, the government will be forced to disburse some of the surplus funds on hand, and the national banks are steadily increasing the circulation. The vast combinations made by the railway magnates of course affect values, and there are powerful influences at work to advance the market. Still the fact remains that some accident always intervenes to check an advance, when it looks as if one has been established.

The manipulation in the elevated stocks still continues. Gould, Sage and Field are very anxious that the stockholders in the Metropolitan should endorse some scheme

which ideprives them of the guarantee of 10 per cent. Field, who a short time since declared vociferously that the Manhattan was worthless, now offers to bet that it will sell for 75 within a year. Undoubtedly the triumverate have some plan by which they expect to enhance very greatly the value of that one of the elevated stocks in which they are the most interested.

Although the number of transactions in the way of conveyances and mortgages has been larger in other weeks this fall than during the past week, yet, as will be seen, the amount of money involved in both purchases and mortgages is much the largest of this season so far. But the mortgage list of the past week is swollen by one very large transaction, a \$3,000,000 mortgage having been given by the American Heating and Power Company. A mortgage on the St. James Hotel for \$475,000 is to be noted, also a mortgage of \$335,000 on some Fifth Ward property, west of Hudson street, to a Boston capitalist. But these transactions will seem small when the great real estate speculation sets in, which it must do before the present general enhancement in values is over.

For the putting out of fires it is urged that salt water should be used. It is computed that \$10,000,000 would be amply sufficient to build the necessary apparatus to throw a stream that would reach the top of the tallest buildings. This water might be used for sprinkling the streets and cleaning the gutters, as well as flushing the sewers. Our store of Croton water could then be reserved for domestic and manufacturing purposes. Salt water is preferable to fresh for street sprinkling and cleansing purposes and does not damage goods so much at a fire. By all means let us have plenty of salt as well as fresh water.

No unusual features have been brought to light on the various markets for building material during the past week. Some fluctuation on values has taken place, but only through the influence of ordinary and natural causes, and in the end sellers as a rule retain the advantage. A large proportion of the current movement is for actual consumption, as there is a natural desire to get work forward while good weather lasts, but as occasional opportunity offers dealers add a little to their accumulations for winter stock. We cannot learn of many calls for estimates on new work as yet, and there is indications of greater caution in this respect.

MINING INFORMATION.

The following extract from a letter by "Bendigo," dated Tombstone, Arizona, November 1, which we find in the Engineering and Mining Journal, will be interesting reading in certain mining circles:

We have a fiasco on the outskirts of this district, in what is known as the Bradshaw mine. This property, unfortunately, is principally owned in New York, but has been engineered by California adepts, and floated on the public. Attachments have been issued for supplies, and the miners and workingmen have been here with a view to put liens on the property, to secure their just dues for labor performed. It is reported that Superintendent Tierney, who was one of the owners and who was the recipient of a considerable sum by the sale at three dollars per share, has resigned and gone to other fields and pastures new. This is the second advent of the same parties in this territory. The first was Stonewall, in the McLellan District. The unfortunate stockholders in that delectable bubble will have reason to remember it. There is another pretty job now on the tapis, called the Rescued Total Wreck. This is taken up by a combination of lawyers and one nondescript editor, against one of the best properties in the territory—the Total Wreck Company in the Empire District. The claim which these parties set up to this property has no merit whatever. They have organized a company under the name of the Rescued Total Wreck, and are now and have been trying to induce fools to buy it at from six to twenty-five cents per share.

The RECORD has frequently called attention to this villainous swindle and the part taken in it by the well-known firm of Prince & Whitely. It was in their office that the subscriptions at three dollars per share for Bradshaw and one dollar for Washington were made. The victims never suspected that the property brought out under the auspices of so respectable a house would prove to be one of the meanest cheats ever put upon the mining market. Prince & Whitely are said to do more business than any four brokers firms in Wall street, and it is surmised that many of their customers must have been swindled by this Bradshaw business. strange that neither the Mining Board nor the St ck Exchange have asked any information of this exceedingly reputable, solvent and honest firm. Of course, tley were deceived; but who was the rascal who mi-led them? Mr. Henry C. Logan, a partner of the firm, was asked for an explanation by a reporter of The Real Estate RECORD, but he must have misunderstood the request, for, instead of being indignant at the swindlers who made use of the fair fame of his house to victimize his customers, he exploded with wrath against a suit brought by a purchaser of Bradshaw to recover his money. The name of a very prominent California operator is mixed up with this business, but no matter who he is, Prince & Whitely ought to give him up so that the public would not be again exploited by the same operator.

If investors would only read the REAL ESTATE RECORD, instead of so-called mining papers, in the pay of every rogue who cares to advertise, they would not have invested their money in the State Line mines. From the time they were first put on the Mining Board we said they were mere prospects and not worth more than 10 or 1 cents a share. Yet all these properties which would have been dear at a \$100,000, have sold as high as \$9,000,000. There has been a heavy decline in these stocks within the past week, and it has demoralized the whole market. The break in the Green Mountain stocks, heretofore so well supported, is most disastrous to the mining interests as represented in the Mining Board.

There is a rumor that Mr. S. V. White, President of the Mining Board, sold immense quantities of the State Line mines during the past week. One of his brokers is credited with having sold over 12,000 shares from \$3.50 down. Mr. White is said to have made large sums of money in the

State Line stocks, of which he was one of the original subscribers at \$1 a share. He has also profited largely by his investment in Hukill. Chrysolite and the other stocks put on this market by Mr. George Roberts. Mr. White is a member of Mr. Beecher's church.

George Roberts will soon be back from California. The sharps who have made use of his reputable name to swindle the public, are ready, it is said, to put the Mexican mining swindle upon the market as soon as he returns. We warned our readers long ago that a great deal was to be made in a series of Mexican properties. Mr. Roberts should be careful not to be mixed up with this enterprise. He may loose as he did in Hukill, Chrysolite and the State Line mines.

BEARISH VIEWS EXPRESSED.

Mr. Samuel Cohen is of opinion that the sale last Tuesday, of forty-two West Side lots, shows that there is no boom in New York real estate. He thought the prices were low, less than \$9,000 for a lot corner Riverside drive and One Hundred and Third street, recalled the fact to him that these same lots before the drive was constructed and the improvements made sold as high as \$11,000 and \$12,000 apiece. In 1876 at the Mott estate sale, Lew Phillips, his partner's son, bought Riverside lots at \$10,000 apiece, to average some he had previously bought at \$12,000 and over. To show the difference in prices at different times, Mr. Cohen furnished the following items of his own transactions. In 1852 he bought a lot on the corner of One Hundred and Ninth street and Harlem lane for \$242, of J. Kissam; eleven years afterwards he sold it for \$2,035.31. In November, 1855, he bought two lots on the corner of One Hundred and Fourteenth street and Fourth avenue for \$100 each, and sold them in 1866 for \$850 each. Again, in 1864, Mr. Cohen bought four lots on Seventy-eighth and Seventy-seventh streets, between Broadway and Tenth avenue, for \$900 apiece, and in October, 1868, sold them for \$4,000 each. For eight lots, four on Eightysecond street and four on Eighty-third street, between Eighth and Ninth avenues, he paid in May, 1863, \$920 each, in October, 1868, he sold them to Williams & Guion for \$4,000 apiece. Six lots on Seventh avenue and One Hundred and Twenty-third street cost Mr. Cohen in 1864 \$8,000, two years later he sold them for \$18,500. Four lots on the corner of Fifth avenue and Ninety-fourth street were bought by Mr. Cohen in 1868 for \$12,000 each, in July 1871, he sold them for \$22, 90 each.

Reverting to the sale of last Tuesday, Mr. Cohen pointed out that people who paid \$7,500 a lot for Eleventh avenue lots, near Ninety-eighth street, in 1872, could not get more than \$2,500 for the same lots to-day, after having carried them for so many years and paid taxes and costly assessments. Mr. Cohen was of opinion that the property to be immediately improved was what was left of the east side and the flat land, north of One Hundred and Tenth street, and extending to One Hundred and Thirtieth street, between Third and Ninth avenues The soil in that region was sand and gravel, and the neighborhood wholesome. The highlands to the west of Morningside Park would have to wait until the plain below was thickly populated. The elevated road facilities were such that it was quite as pleasant to live above the park as anywhere below it. A good deal of the land of New York was very bad underneath, filled up swamps with cats, dogs, etc. The map in Valentine's Manual, showing the grade of New York, with its rocks. hills and swamps, was an explanation of the costly improvements in this city. Mr. Cohen was familiar with the New York real estate market for forty-five years, and he thought the price of unimproved property in New York was high in view of the taxes, assessments and interest charges. A man like himself, who had paid \$100 for lots on this island, could but regard \$10,000, \$15,000 and \$20,000 as very high for the same property. He had been laughed at for the opinion he had expressed that next spring would be a good time to sell, but he still held to that belief.

A NEEDED INSTITUTION.

It is intended shortly to commence the erection of a great sautarium which will involve some very novel features. The location is on Thirtythird street, north side, between Third and Lexington avenues. This institution is to be for the treatment of chronic diseases, and is to be under the patronage of the regular profession, which, it is expected, will patronize the enterprise. Physicians are aware that medicines are not all powerful in the alleviation or cure of disease. For chronic or functional troubles there are other curative agents, such as electrical applications, vapor, hot air and medicated baths, movement cure, rubbing and physical manipulation. Inhalation, also, might be used with advantage. But the main purpose is to get the sick person away from his usual environment, control his diet, keep watch over his habits and see that he has abundant exercise as well as medicine. These necessary conditions cannot be secured to a patient living at his or her home. It is intended this institution shall have branches in time in all the large cities, and already negotiations are under way for a kindred institution at Saratoga. where the patient may take the waters under medical guidance. Some very wealthy and prominent citizens are at the back of this enterprise, among them Mr. Cornelius Vanderbilt and Mr. W. W. Astor. While not a philanthropic enterprise, the institution of this sanitarium will be a real boon to sick people and their friends. It will keep at home hundreds of invalids who would otherwise be sent to the ends of the earth in search of health. A meeting is to be held at the St. Nicholas Hotel on the 30th of this month, to establish this institution, and it is to be hoped it will have every success.

BROOKLYN'S GREAT SALE

The sale of 1,000 lots, known as the East S'de Park lands of the city of Brooklyn, at auction, has been the subject of much comment among those interested in realty, not only in Brooklyn, but New York and the surrounding neighborhood. These lots were taken by the city of Brooklyn, in 1866, for the purpose of extending Prospect Park further north and east than its present limits. The territory north to Prospect place and east to, and beyond Wa hington avenue, was acquired by the city. Afterwards the eastern boundary was fixed at Flatbush avenue, so that the city had on its hands the ract of 1,000 lots that were offered at auction by Cole & Murphy, on Thursday last at the Brooklyn City Salesroom, 379 Fulton street. This offering was by order of the Park Commissioners, in pursuance of an act of the Legislature passed April 23, 1870, and the act amending the same passed June 18, 1873.

The lots offered comprises one of the most beautiful s tes in the whole city of Brooklyn, from many of them a commanding view may be had or New York and Staten Island, with the bills of New Jersey in the background, as well as of New York Bay. From the opposite side may be seen Coney Island and the ocean. The Brooklyn Salesroom was packed with the most prominent dealers and investors in realty long before the clock in the City Hall struck twelve Among those present were John A. Monsell, Judge Fink, Ex-Mayor Smith Ely, Jr., George G. Dutcher, President of the Park Commission, J. S. T. Stranahan, Enoch F. Coe, Amos R. Eno, Paul C. Grening, John R. Thomas, Ex-Aldermen ardson, Commissioner Darwin R. Jumes, Asse Burrows, Leonard Moody, J. N. Kalley, iam Davenport, B. R. Corwin, Controller Howard W. Coates, Ambrose Monell, John Lefferts, Chief Engineer John T. Calyer and J. H. Warwick. Promptly at twelve o' lock W. Cole mounted the rostrum and read the terms of sale, which were very liberal-10 per cent. down, balance in thirty days but 70 per cent, may remain on bond and mortgage for ten years at 5 per cent., or may be paid off at the option of the purchaser; no objectionable building of any nature can be erected on the premises. After some discussion as to the exact meaning of the terms, the salient features of which are stated above. Mr-Cole opened the sale by offering lot No. 1, fronting on the Plaza, 69.8x28.5 on the Eastern Park-way, x 99x20 on Flatbush avenue, and the bidding was opened by G. G. Dutcher at \$2,500. The price rapidly rose to \$9,650, at which figure Mr. Charles Kellogg, of New York, was the purchaser. Before the sale, bets were offered that this lot would not bring \$5,000. same gentleman purchased the entire plot bounded by the Piaza, Flatbush avenue, Underhill place and

the Eastern Parkway, 24 lots, for a total of \$98,750. or, including No. 1. of \$108,400, a figure far in advance of the most bullish estimates. The sale proceeded without interruption until lot No. 49 was knocked down, when Mr J. H. Warwick arose in an excited manner and called attention to the fact that a system of telegraphic signals were being used between Commissioner Stranahan and G. G. Dutcher, and that the former was advising the latter when to bid, which, he claimed, was not right, as the crowd had come to attend a free sale to the highest bidder, without reserve. Mr. Stranahan acknowledged that he had advised Mr. Dutcher to bid, but maintained that he had a perfect right to do so as Mr. Dutcher was buying the same as everyone present, and would pay his money in good faith, but that hereafter he would refrain from holding any communication with Mr. Dutcher, who was a relative of his, and when they wanted to buy he and Mr. Dutch, r would both bid for themselves, so that everything would be above board. After this, the sale proceeded without trouble, the prices of all the choice lots being excellent, in fact so high were they that the contingent from the New York Salesroom were left out almost entirely. After 295 parcels were disposed of, for a total of about half a million dollars, Commissioner Stranahan withdrew the balance of the property until some future date, and announcing at the same time that he would petition the Legislature for the right to sell the property on the other side of Flatbush avenue. The parcels disposed of comprised lots on the Plaza and Plaza street, Flatbush avenue, Butler street, Douglass street, Under hill avenue, Degraw street, Eastern Parkway and Park place. To say that the owners of Brooklyn realty were pleased with this sale but faintly expresses their feeling, and it is safe to say that the prices realized were from 30 to 50 per cent. greater han even the most ardent believer in this property anticipated.

Both the auctioneer and the immense throng of would-be buyers present were greatly surprised as well as disappointed when Commissioner Stranahan announced his intention of withdrawing the balance of the property advertised, for although the purchase of th-front on Butler street, at \$700 per lot, by Henry Weil, was a bargain, yet the average of all the parcels sold was high, and the crowd were evidently in a buying humor. After the sale was over the writer in conversation with a number of gentlemen discovered that there were more than one person present who proposed to purchase blocks of lots, and were prepared to pay a round figure for them. President of the Park Commissioners, J. S. T. Stranahan, is, as everyone knows, a great bull on this property, but the best evidence of his not thinking that the property was very cheap is the fact that he only purchased three parcels, and in several instances stopped bidding on other lots long before the price at which they were knocked down was reached. There was some un favorable comment among those present, as to the propriety or legality of the city taking a man's property for a specific purpose at a valuation none too high, and then not using it for that purpos, but reselling it to the highest bidder at auction. But w en these gentlemen were reminded that, if they added to the amount the city paid them in 1866, the taxes, assessments and interest on the money, they would find that they had not made a bad bargain. At even the hi h range of values which this sale has established, they could but acknowledge that they were not badly hurt. That this sale will give an impetus to real estate in all sections of Brooklyn was conceded on every side. Mr. W. Cole, in conversation with the representative of the REAL ESTATE RECORD, expressed himself as much pleased with the result of the sale and said that the prices obtained for the corner and other desirable lots was more than satisfactory and far beyond his anticipations. Ex Mayor Smith Elv. Jr., of New York, some days since an nounced his intention of picking up some cheap corner lots at the great Brooklyn sale, but although he was a bidder upon several choice parcels, there were others present who placed a higher valuation on the same lots, so he did not secure any. The creditable manner in which Auctioneer Cole conducted the sale was a matter of comment on all sides, and the way in which he kept the large crowd in good humor was worthy of all praise.

On Friday morning Mr. Charles Kellogg notified the Park Commissioners that he would pay all cash for his purchases. It is also understood that a large number of the other buyers propose doing likewise

A movement is already underway to induce the Commissioners to sell the balance of the property in about two weeks, and a prominent Brooklyn capitalist, who is also a well-known Pine street man, called on Mr. Stranahan early yesterday morning and guaranteed that if such a sale should be decided upon, that certain blocks which he named would not be allowed to be sold below a figure named, and it was a

stiff one. A number of other gentlemen called at the office of the Brooklyn Park Commission yesterday morning, and there was but one opinion in regard to the success of the sale—that Brooklyn property had never before commanded such high figures. Full particulars, giving the name of purchaser and price paid for each lot, are given in another column.

OUT AMONG THE BUILDERS.

The work of blasting the rock on the plot of ground at the northeast corner of Madison avenue and Fiftieth street has been commenced, and it is the in tention of the owner, Henry Villard, the President of the Northern Pacific Railroad and the Oregon Steam Navigation Company, to improve it without delay.

Mr. Villard has just returned to New York from a visit to Oregon and has not positively decided upon the nature of the building to be erected on the above described corner, but it is more than probable that it will be a handsome private residence for his own use, from designs already drawn by Messrs. McKim, Mead & White,

Mr. E. F. Coe, of 668 Fifth avenue, is about to erect a stable, to be known by the street No. 115 West Fifty-second street. It will be 25x90, two st ry high, the front of Philadelphia brick, with blue stone trimmings, and will be finished throughout in yellow pine. Architect, E. Gandolfo; co-t, \$8,00.

E. Gandolfo is drawing the plans for two threestory frame cottages to be erected at Englewood, N. J., by Ja 106 S. Wetmore, of 49 Cedar street, New York. They are to be built in a style tending towards the old English rural architecture, and will cost \$3,000 and \$5,000 respectively.

Ground was broken on Monday last at the northwest corner of Madison avenue and Seventy-second street. It was currently reported that Mr. C. L. Tiffany was about to erect three dwellings on the above premises.

We can state by authority that this was an error, and that Mr. Tiffany is about to erect a palatial private residence, to be occupied by himself together with his son and daughter. This family mansion will have a frontage of 75 feet on Madison avenue, and extend 100 feet in depth along Seventy-second street. It is to be of an original and unique design, differing in all essential features from any house ever erected on Manhattan Island. The first story will be of brown stone, with an extensive and highly ornamented entrance, the upper stories of brick with blue stone trimmings. Mr. Tiffany will spare no expense to make his new mansion an ornament to the surrounding neighborhood. J. D. Crimmins is the contractor.

Mr. J. H. Pool, of New Brighton, S. I., is about to rebuild his house recently destroyed by fire, on the same site, from plans drawn by E. L. Woodruff.

Dr. Robert M. Reynolds is about to build in Ninetythird street, between Eighth and Ninth avenues, a dwelling 20x60. The front will be of brown stone, artistically treated, from designs by Horace Greeley Knapp.

The same architect has also just completed plans for a handsome cottage to be built by Mr. C. H. Robinson, at Nantucket, Massachusetts.

Extensive builting operations are in contemplation in and about Yonkers, and a number of preliminary studies for residences for that locality are in course of preparation by Mr. Knapp.

John D. Crimmins will immediately improve the lot on the south side of Sixty-third st et, 200 west of Second avenue, by the erection of a four-story brick tenement.

Anthony Mowbray proposes to improve the plot of ground owned by him on the north side of Sixty-ninth street, be ween Fifth and Madison avenues, 60x100, by the erection under contract of a private dwelling, with a frontage of 27 feet, on a similar plan to the one he is now completing in the same location. On the balance of the plot he will erect a magnificent residence, having a frontage of 33 feet.

Brooklyn.

John Kipple proposes to erect at once a three-story flat house on Manhattan avenue, near Noble street. The Emai uel Baptist Church propose to erect a chapel on the property recently purchased by them at Lafayette avenue and St James place, Brooklyn, at an outlay of \$30,000.

It is reported that Mr Charles Kellogg, who purchased a plot of a little over one and one-quarter acres fronting on the Plaza, Flatbush and Underhill avenues and the Eastern Parkway, for \$108,400, is the representative of a syndicate of capitalists who propose to erect on the above site a mammoth hotel, the equal of which many citizens of the City of Churches have never dreamed of seeing in their municipality.

President of the Park Commission, J. S. T. Stranahan, proposes to erect a magnificent private residence on the Parkway, on a portion of his purchase at the great Brooklyn sale on Thursday last. SPECIAL NOTICES.

Messrs Dow & Hitchcock, whose card we publish elsewhere, while doing a general real estate business, make a specialty of selling lots and arranging builders' loans.

Attention is called to the advertisement of Alexander M. Lesley, of 38) Sixth avenue. He is the manufacturer of a new furnace called the "Rotunda Furnace," which, it is claimed, lays over other furnaces in that it is very economical, self cleaning, and there being only three joints there is no possibility of gas escaping. Besides, the shaking and dumping grate is very simple and easily managed; the fire pot is heavy and durable, and the corrugated radiator and dome have an immense radiating surface. People contemplating the purchase of new furnaces might call at the above address and see for themselves.

MARKET REVIEW.

REAL ESTATE.

PF For list of lots and houses for sale See pages it and iii of advertisements,

There were several sales of interest during the past week. Prices are steady and transactions are moderate for the season. The event of the week in New York was the sale of forty-two lots on the West Side belonging to the Furniss estate. If the provisions of the will had been carried out, all of the Furniss estate would have been sold while prices were still high, but the trustees, who were reputed to be among the soundest and shrewdest business men of New York, failed to realize the gravity of the panic of 1873. They postponed the sale and one of the heirs, since deceased, went to law to compel the distribution of the property. Some of the lots were sold in the fall of 1877 when prices were at the bottom. A corner lot sold then as low as \$3,000, which in 1872 would have brought \$12,000. It is idle to disguise the fact that the sale of last Tuesday of forty-two lots of this same estate was a disappointment to operators. hoped for higher figures. The sale, however, settles one matter, there is no unwholesome excitement in unimproved realty and certainly not in West Side lots. Their time will come some day, and all who purchase at the figures of the sale of last Tuesday will do well.

The fall season is ending with a great many unsold houses on the hands of builders. They are all willing to make sacrifices, and new and well finished buildings are offered at figures less than those these same houses would cost to build to-day, taking in view the price of labor and material. This fact of itself will in time reduce the number of houses in the market, but will probably check building operations until next summer. Should rents advance, as is not unlikely, the surplus houses on hand would be rapidly worked off. It is quite true the increa-ed price of labor and materials has checked building operations in all the suburbs and in New York

One of the great real estate events of the week was the sale of 295 of the 1,000 Brooklyn lots advertised to be sold. This is fully and graphically described in another column. The prices, it seems, were much higher than the most sanguine could have anticipated, and it really looks as if the disposal of these lots will mark a new era of buildig activity in our sister city.

The estate of the late Elisha Brooks is to be sold at the Exchange, November 29. See announcement elsewhere.

R, V. Harnett will, next Tuesday, sell six choice little houses on One Hundred and Thirty fourth street. They will be desirable residences for persons of moderate means. It is said that the sale of the Turtle Bay property, last Thursday, was merely to perfect a title

A lot on Fifth avenue, near One Hundred and Tenth street, sold for \$10,000 last week, at auction, on the Exchange. It was worth at least \$15,000. It was not sufficiently advertised.

Gossip of the Week.

Messrs. T. S. Clarkson & Co. have sold, for Hugh Blesson, the three-story brown stone dwelling. No. 54 East Seventy-fifth street, 15x75x1022, with dining room extension, to Melinda Schmidt, for \$28,500. and the three four-story brick dwellings, with stores, No. 180, 182 and 184 Sixth avenue, 60 9x100, for \$60,000.

John Davidson has sold the four-story brown stone dwelling. No. 104 East Sixty-first street, 20x67x100, to James Muir, for \$33,000, and No. 106, the adjoining house, and its counterpart in every respect, to Walter F. Brush for a like consideration.

William P. Parsons & Son have sold the four story brown stone house, No. 111 East Sixty-fourth street, 21x75x100, to Charles E Hall, for \$33,000.

Frank Stevens has sold the following houses all located in Jersey City: The three-story brick dwellings No. 86 Essex street, 25x38x100, to Peter Schroder, for

Austin Corbin has purchased the Litchfield estate in Babylon, Long Island, running from the railroad to the Great South Bay.

Ex-alderman R. McCafferty and E. S. Crank have sold the two four-story brown stone dwellings, Nos. 3 and 7 East Seventy-seventh street, 16.8x55x102.2 each, for \$29,000. The purchasers are both members of the legal profession, Mr. D. B. Childs having purchased No. 7 and Mr. James A. Blanchard No. 3.

The Jewish Orphan Asylum have purchased, through Messrs. Lespinasse & Friedman, a gore of about 30 lots adjoining the property recently purchased by them at One Hundred and Thirty-sixth street and Tenth avenue. The price was \$42,000.

Leonard J. Carpenter has sold the two four-story brick flats Nos. 170 and 172 East Eighty-seventh street. 26x65x102.2, to Mrs. Hyslop for \$34,000.

An offer of \$3,800 per lot was refused this week by Messrs. Ruppert & Gillig for their four lots on the south side of One Hundred and Fourteenth street, 200 east of Madison avenue.

The lot and building thereon No. 1125 Second avenue has been sold by Maria Lauer to Joseph Haws for \$17,000.

The Vogel Brothers have declined an offer of \$25,000 for their contract for the purchase of the southwest corner of Broadway and Fourth streets, 80.5x110, the sale of which was reported last week. We also hear that an offer of \$340,000 has been made for the same premises.

Simon Bing has bought the small gem of a house. No. 168 East Sixty-fourth street, for his own use,

M. Braender reports that he has disposed of six of his five-story brick and brown stone flats, with stores on the east side of First avenue, between Sixty-third and Sixty-fourth streets, for \$111,000.

The investment demand to which we alluded last week in the interview published with Mr. Guggenheimer, is going steadily forward. In one real estate office in the Nineteenth Ward four contracts have been drawn, within the last two days, involving the transfer of \$91,000 worth of realty, all for investment; and it is worthy of note that but one of the purchasers was from our own city, the others coming from Philadelphia, St. Louis and Richmond, and purchasing three parcels of \$16,000 each. We note specially the great demand for tenement property, both for living and manufacturing purposes from those interested in cigar making.

An offer of \$75,000 has been made and refused for three lots on Fifty-ninth street, between Fifth and Sixth avenues.

Q. W. Hawkes has sold four of his four-story Nova Scotia stone front flats with stores, on the east side of First avenue, 27.6 north of Eighty-sixth street, 25x65x 100 each, for about \$100,000, taking in part payment a three-story brown stone dwelling, on the corner of Lexington avenue and Seventy-eighth street.

Messrs. Benner & Zeller have sold the three-story brown stone dwelling, on the southwest corner of Lexington avenue and Twenty-eighth street, 20x50x77, for account of the Tradesmen's National Bank, to Edmund E. Price, for \$17,375.

Messrs Levy & Cole have sold a four-story high stoop brown stone flat house on Eighty-seventh street, east of Second avenue, on private terms.

Messrs. Butler & Matheson have sold the property known as No. 12 West Fou th street for \$25,000 to Mr. Decker, and a piece of First Ward property, the particulars of which are withheld for the present, as the buyer is desirous of extending his purchases

Mr. Vernon K. Stevenson, Jr., has sold the three-story high stoop brown stone dwelling No. 154 East Thirty-eighth street, 22x50x100, to Mrs. Skinner for \$15,000.

We hear of a sale of down-town property, but the brokers interested decline to give any definite information before our next issue.

Brooklyn.

Messrs. Bulkley & Horton have sold the three-story brown stone dwelling, No. 291 Clermont avenue, 20x45 x100, to James Stikeman for \$9,000.

The Brooklyn Eye and Ear Hospital have bought the Juvenile High School building on Livingston street, near Court, for \$47,500, and it is the intention of the purchasers to expend \$10,000 in repairing the same. Mr. George I. Seney recently gave this institution \$25.000.

The Emmanuel Baptist Church have purchased the plot of ground at Lafayette avenue and St. James place, 89x150, for \$60,000. This organization is at present holding services in the Adelphi Academy.

Mr. E. F. Williams has sold the three-story brick building, No. 83 Calyer street, Brooklyn, with the adjoining lot, to Mr. A. Condell, for \$7,000.

The following are the sales at the Exchange Sales oom for the week ending November 18:

* Indicates that the property described has been bid in for plaintiff's account:

THE ASSESSMENT COMMISSION

THE ASSESSMENT COMMISSION.

The Assessment Commission met on Tuesday, November 15th, 1881, Commissioner John Kelly in the chair, pro tem.

On motion of Allen Lee Smidt, the Corporation Counsel consenting, the decision of the Commission in the matter of Sherwood rendered September 15th was made their decision in the matter of Lee as to assessments for sewers in Sixth avenue, between One Hundred and Twenty-ninth and One Hundred and Forty-seventh streets.

ments for sewers in Sixth avenue, between One Hundred and Twenty ninth and One Hundred and Forty-seventh streets.

In the matter of Jno H. Sherwood, assessment for outlet sewer, Mr. Charles E. Miller presented some further testimony on behalf of the petitioner, and then rested his case. The Corporation Counsel presented no evidence, and after argument by both sides the case was closed and decision reserved.

Mr. H. A. Shipman moved that the evidence taken in the matter of Sherwood as to the matter of the assessment for the outlet sewer at One Hundred and Tenth street be applied, as far as applicable, to the matters of Berheimer, assessment for Manhattan street outlet sewer, Houghton for Third avenue sewer, between Ninety-third and One Hundred and Seventh streets sower, between Ninth and Tenth avenues. After hearing the Corporation Counsel in opposition, the Commissioners denied the motion. Adjourned to meet Friday, November 18th, at 2 P. M.

Proposals will be received by the Commissioners of the Health Department for the erection of a contagious disease hospital on North Brother's Island, until Nov. 29th at 12 m.

Proposals will be received by the school trustees of the Twenty-first Ward, at the Board of Education, for the furniture for the new school building on Thirty-eighth street, between Second and Third avenues, and for steam heating apparatus for the same, until November 29th at 9.30 A. m.

Proposals will be received by the school trustees of the Tenth Ward, at the Board of Education, for the furniture for the new school house on Norfolk street hear Grand street, until November 29th at 4.P. m., and until the same time for steam heating the same building.

BUILDING MATERIAL MARKET.

BRICKS.-The market for Common Hard has undergone some irregularity since our last, and, on the whole, the advantage was with the buver. Demand has not abated much, indeed, has probably kept well up to the old average, but for a time the supply was very liberal and under this some shading became necessary to keep everything in motion. This brought the general ruling rates down to \$7@7.25 or possibly \$7.50 for Jerseys, \$7@7.50 for "Up Rivers," and \$826,50 for Haverstraws. The plan of reducing cost,

however, seems to have been a successful factor in accomplishing the result desired, as about all the surplus was worked off, and the tone at the present writing is generally of a more uniform character, and signs of depression have pretty well disappeared. There is, however, a considerable amount of caution and close figuring among buyers, and a noticeable feature of the demand has been to rather neglect the best grades and take those which will admit of a little saving, and thus we find that a goodly percentage of the business runs to parcels costing 25c less than extreme quotations, so long as such can be obtained. Accounts from primary points indicate that manufacturers are less inclined to hold back supplies. The barge loads recently referred to as afloat in Haverstraw Bay have been d.sposed of, a portion going to West Point for use by the new railroad company in tunnel work, and a portion going to Ward's Island, and, as facilities will permit, shipments are now being made from all points along the river. Pretty much all the demand is still understood to come from consumers direct, and, according to the accounts given us, dealers are accumulating little or rothing in yard. Pales having attract. sum understood to come from consumers direct, and, according to the accounts given us, dealers are accumulating little or nothing in yard. Pales having attracted more attention, the rather moderate supply sold up closely, and prices stiffened, the figures standing at \$4.50@4.75 per M, at which there is firm feeling now current.

GLASS.-Demand is good for this season of the year, and the market very firm. Since the settlement of the difficulties between manufacturers and their of the difficulties between manufacturers and their employees the domestic production has been pushed with much vigor, and to the full capacity of the market. The market, however, has not been benefited to any extent by this as yet, in view of the fact that pretty much everything turned out was at once required to meet previous contract. The demand for foreign goods is falling off somewhat, but the supply does not appear cumbersome, and importers generally are carrying for full former rates all around. Plate glass is selling well and at full former rates.

HARDWARE.—There is no noticeable abatement in the volume of demand, and the market, as a whole, shows quite an active tone, though especially so for shows quite an active tone, though especially so for the general line of builders' hardware, mechanics tools, etc. Of these goods stocks are light, both in first and second hands; manufacturers still behind in the production, and it is a difficult matter to fill orders as promptly as they come to hand. Under the circumstances, there is not much difficulty experienced in sustaining values, and a good strong tone is preserved throughout. An advance of 5 per cent is announced on the cost of bright wire goods.

LATH-Up to the present writing there has been no change of a positive character in the general conditions of this market. Supplies were not liberal, and about all that came in, either found immediate delivery about all that came in, either found immediate delivery on previous sales, or received prompt attention from buyers in waiting, and full former rates were obtained. Indeed, the wants of the market seem to be quite as full as ever, notwit standing the amounts recently received, and the selling interest generally speaks with a confident tone. The cargo quotation as yet remains at \$2.00 per M, but parcels now affoat for this market cannot be engaged at the above rate, agents preferring to take the chances when stock reaches port.

LIME.—No further changes made public this week. The advance last noted appears to be well maintained and generally quite a strong tone is quoted, with the demand good enough to exhaust all cargoes offered bere afloat and engage others to arrive when possi-ble. Most of the stock taken, it is claimed, goes into consumption, but dealers manage to get a little to lay away for winter use. Receivers seem to feel quite confident over the outlook, and hints are given that another advance may be made at an early date.

LUMBER.-On the wholesale market the demand has been somewhat spasmodic in character, and not very large in volume, yet after all there does not appear to have been much if any stock left in receivers' hands, and full prices are reported throughout. Dealers are very well stocked, but a great many have room for a little more in the way of a desirable assortment and are ready to negotiate for it, provided no special addition to cost is attempted. As yet the weather has not been of a character to seriously impede shipments from any point and the fall supply in consequence keeps up well, but the cost undergoes no shrinkage and in a few instances has advanced to cover the additions to freight charges, etc. The prospects for winter consumption are under consideration to some extent, and while the conclusion is general that a goodly amount of lumber will be wanted, there is not quite so much confidence in a free and sharp call, as was exhibited a short time ago. The export trade also continues barkward and the prospect perplexing, with some suggestions that it will be necessary to shade cost a trifle before the outlet can be fairly opened again. This policy has helped business at the Southern ports to some extent.

Eastern Spruce retains the firm tone last noted, and may have gained a trifle though this is not shown in advanced rates as yet. Dealers in fact are just now so well stocked that they find no special necessity to run after additional supplies, yet on the other hand when offered, desirable parcels will negotiate and purchase, provided cost is not increased. Production is gradually narrowing down to the limit of the few mills intending to run during the winter, and future shipments are likely to be composed of such accumulations as manufacturers were enabled to make during the season. About \$14@16 per M may still be quoted for randoms, and \$16@18 for specials, but not many of the latter called for.

White Pine does not show many really new features, the home demand proving moderate, and in some cases quite uncertain, and the actual export movement light, as shippers still fail to receive the encourage very large in volume, yet after all there does not appear to have been much if any stock left in receivers'

the proportion is very small. We quote \$18\textit{92}1 per M for West India shipping boards; \$26\textit{02}7 for South American do.; \$16\textit{01}6.50 for box boards; \$17\textit{01}8 80 for sound do.

Yellow Pine has been offered with some freedom at the mills at Southern ports through agents here, and found a good average sale to exporters, mostly South American and West Indian, but including a few for Europe. Local buyers, however, did not appear to hanker after stock to any extent, as for simple purpose of accumulation, very little is wanted, except in an occasional way from manufacturers, there is little desire shown to contract for specials. With the exception of dry flooring there is a very good stock here, and a fair general demand could be met for some time without difficulty. We quote random cargoes at about \$24.00\textit{26}.00 per M; ordered cargoes, \$26.00\textit{28}.00\textit{30}.00\$, \$26.00\textit{29}.00 cargoes at the South, \$15.00\textit{31}.00\$, 90 per M for rough, and \$24.50\textit{20}.20.50 do; and dry do. \$26.00\textit{20}.00\$, \$23.00\textit{20}.00\$, \$24.50\textit{20}.00\$, and or all good stock sellers have the advantage. The demand, at the moment, does appear to be very sharp, but the indications are thought to point to an early increase, and holders carry with confidence in accord. A fair quantity of stock is accumulated here, but the assortment is not in all cases fine, through shipments from the West continue to some extent. We quote at wholesale rates by car load about as follows; Walnut, \$77\textit{20}.00 per M; ash, \$10.04\$ do.; oak, \$10.04\$ do.; maple, \$30.740; chestnut, ist and 2d, \$30\textit{30}.35; do. do cuills, \$20.25\$ do; cherry, \$50\textit{30}.50\$ do; white wood, ½6 and \$6.00\$ for Western, and \$60\textit{30}.50\$ for good near-by stock.

Piling has continued scarce, and while the demand at the moment is not quite so active, holders have the advantage, and the market is firm Not much desirable stock available below \$5\textit{20}.00\$ but for a general range \$600\$ is quoted.

From among the lumber charters and engagements recently reported, we select the following:

From among the lumber charters and engagements recently reported, we select the following:

A Br. steamer, 1774 tons, from St. John, N. B., to Liverpool, deals, 57s.; a Br. barque, 1156 tons, from Fiume to New York, empty barrels, 9d.; a new Br. barque, about 1200 tons, from St. John, N. B., to London, deals, 59s. c. d.; a Br. barque, 815 tons, hence to Bueros Ayres, full cargo lumber, \$13 net; an Am. brig, 412 tons, from Pensacola to Sagua, lumber, \$7.50 Spanish gold; a Br. schr., 377 tons, hence to Halifax, coal, \$1.50, and from Liscomb, N. S., to Barbadoes for orders, lumber, \$7, if discharging at Barbadoes, or orders, lumber, \$7, if discharging at Barbadoes, or 57.25 if a second port is used; an Am. barque, 649 tons, from Portland to Rosario, lumber, \$14 net; a schr., 148 tons, from Cedar Keys to Tampico, lumber, \$11, a Br. brig, 181 tons, from Norfolk to Port Spain, hogshead staves, \$14; a schr., 299 tons, from Wilmington, N. C., to the Bay of Hayti, lumber, \$8.59 and for eign port charges; an Am. brig, 230 tons, from King's Ferry to Demerara, lumber, \$10.50; an Am. brig, 193 tons, from Bucksville to 'uracoa, lumber \$10; a schr., 185 tons, from Brunswick to Bay of Hayti, lumber, \$9.50 and foreign port charges; a schr., 197 tons, from Portland to New York, heads, 3c.; a schr., 117 tons, same voyage, lumber, \$2.50; a schr., 236 tons, hence to Key West and Cedar Keys, general cargo, \$9, and back from the latter port with lumber, \$11; a schr., 209 tons, from Albany to Petersburg, sycamore lumber, \$1; a schr., 340 M lumber, from Brunswick to Fall River, \$1; a schr., 340 M lumber, from Brunswick to Fall River, \$1; a schr., 360 M lumber, from Brunswick to Fall River, \$1; a schr., 360 M lumber, from Brunswick to Fall River, \$1; a schr., 360 M lumber, from Brunswick to Fall River, \$1; a schr., 360 M lumber, from Brunswick to Fall River, \$1; a schr., 360 M lumber, from Brunswick to Fall River, \$1; a schr., 360 M lumber, from Brunswick to Fall River, \$1; a schr., 360 M lumber, from Brunswick to Fall River, \$1; a schr

GENERAL LUMBER NOTES.

STATE.

Albany Lumber Market, as reported by the Argus. FOR THE WEEK ENDED NOV. 15, 1881.

We have had several very busy days in the district since our last report, receiving, storing and shipping lumber. Buyers from New York, the East and New Jersey have been pretty plenty, not purchasing large lots but taking hold freely to piece out and in some instances taking lots of 100,000 to \$500,000 feet. Prices are steadily maintained. Our official report of receipts by canal are to the 8th inst. only; since then receipts have been large, blocking up the canal at several points. The demand for vessels is active; all offerings are taken on arrival. The trade in New York is in good shape, to supply which there will be a steady demand on the district so long as the river remains navigable; the prospect is fair that navigation will remain open into December; a year ago the cold weather, which was speedily followed by the close of canal navigation was near upon us. Notwithstanding the free shipments down river now going on with a prespect of their continuance for some days, the general opinion is that a large quantity of lumber will be wintered over.

prespect of their communication or some days, the general opinion is that a large quantity of lumber will be wintered over.

Hardwoods are unchanged in price but are very firm; in walnut higher prices than our quotations have been realized on some lots owing to growing scarcity of choicest grades; for these the export demand, at western points, is free with an active tradeconsel lumber is coming forward rapidly and is disposed of about as fast as it arrives and at full prices; from now to the close of navigation a large business will be done.

At Bay City not much doing; the season for shipment by lake is about over, though we hear of one lot of about 1,000,000 feet afloat designed for this market, if navigation holds. There is not any change in prices on the Saginaw; western and eastern buyers are not over anxious to purchase. As to the future, the opinion is general that present prices will be maintained.

Chicago reports receipts of lumber since January 1st at 1,679,300,000 feet, against 1,431,400,000 feet in 1880.

Chicago reports receipts of lumber since January 1st at 1,679,300,000 feet, against 1,431,400,000 feet in 1880,

The receipts of lumber by lake at Buffalo for the week ending November 14th were 7.539,000 feet, and by rail 80 cars. The receipts by lake at Oswego for the week, were 5.413,000 feet.

The receipts by canal at Albany from the opening of navigation to 8th inst, were:

Bus. & Sctl., ft. Shgles, m. Timber, c.ft. Staves, lbs 1881... 409,761,000 9,380 1,000 6,555,000 1880... 350,627,500 6,379 10,685 638,200 Freights are more or less nominal from Bay City to Buffalo and Tonawanda, \$3.00 per M.; from Saginaw, \$3.25. From Tonawanda to Albany, \$2.50. From Oswego to Albany, \$2.00. From Port Hope to Oswego, \$1.40. From Ottawa to Albany, by boats, \$3.50 per M. feet.

River freights are steady.

THE WEST.

From the Northwestern Lumberman's report we have the following:

From the Northwestern Lumberman's report we have the following:

Trade, with a few exceptions, is reported as active from the different markets. The ones who awhile ago predicted good business through the fall months will have the satisfaction of seeing their predictions verified. Detroit reports an active trade at firm prices, and that owing to improved weather building is carried on more extensively than a few weeks ago. Assortments are somewhat broken, and dealers are hoping for a late closing of navigation in order that the arrivals will improve the condition of their stocks. At Toledo business is not rushing, yet the scarcity of cars prevents the shipments of many of the orders that are received. Trade has improved at Michigan City. Ind., and at Allegheny City. Pa., it is fair, with a prospect that it could not be much better at present on account of the difficulties of transportation.

At the Mississiph liver points there is a change for the better. The water having subsided to a great degree the business that has been interrupted is improving. At Dubuque the demand is so large that it cannot be met, and some grades of dry lumber are out of the market. Buyers do not complain if half-seasoned stock is given them. At Davenport the demand is good at unchanged prices. At all of the markets recently flooded the dealers are obliged to labor under the disadvantage of handling wet stock. The Stillwater price list has been advanced on everything below clear.

The cargo market during the week last past has been quite devoid of any of the elements of excitement or of material change. While the port receipts have been large and above the average of weeks throughout the season, they have fallen 6,090,000 feet of lumber and 7,000,000 shingles below the corresponding week of 1880, and the off-rings at the Frank-lin Street Market have fallen largely below the usual average. The weather has been stormy throughout nearly the entire week, impeding operations at the yards, which fact, of course, has had its effect upon the activity of the cargo market. The offerings, however, have been taken nearly, or quite, clean each day, but few vessels remaining at the dock over night. Canal boats ha ing been more plenty than for some time past, has in no degree contributed to this fact Prices are about the same as at the date of our last report. Short piece stuff is selling at \$10.25 for average length, size and quality, peculiar adaptability to the market or the wants of the purchaser, running the price to \$10.37½ or \$15.50, while an extra proportion of long lengths in the cargo has carried the price to \$10.75 or even \$11. On the other hand, cargoes running largely to Norway or undesirable sizes, have sold as low as \$10. Long lengths and timber sizes have held their own, and have been in demand at prices ranging from \$11 to \$15. Boards and strips have sold, as to quality, from \$10.75 to \$15, while selected cargoes have held firm at summer quotations for anything in fair shipping condition.

Hardwoods — A majority of the dealers have had orders enough during the past week to keep them busy, and some of them have old ones on their books. It is expected that soon, however, trade will become less active, as the lumber that earlier in the season was laid in by the manufacturers is getting in fair condition for use. There is a great deal of lumber just now going out of the city, and we notice shipments to Colorado, Kansas, and the large eastern markets.

markets.

Receipts continue heavy, particularly by car. But a few have come forward since the writing of our last report, and they were small and mixed. Two or three parts of cargoes have arrived on pine carrying vessels. The receipts by lake for the balance of the season will be light

The receipts by lake for the balance of the season will be light
Prices remain unchanged, and for desirable stock
Prices remain unchanged, and for desirable stock
very firm. First and second walnut has been sold at
a price that would seem almost incredulons were it
stated Round lots of culls have been sold during the
week at \$35 and \$37.50. We have seen several manufacturers in town seeking customers, but much of the
lumber offered by them was undesirable.
Whitewood arrives in fair quantities, and is generally readily placed. Boxboards have been sold at \$30,
and lumber suitable for pump stuff at the same figures. The latter was delivered here, but went to manufacturers in Wisconsin.
The stock of mahogany in this market is very light,
and buyers, failing to find what they wanted, have
been forced to buy in New York and Cincinnati, We

can see no good reason why a respectable stock of this wood should not be kept here. The e is no indication that mahogany will become the craze, as was expected by the importers of it a few months ago, but there is a certain amount of it used, and buyers should not be obliged to go east of Chicago to get it.

LUMBERMAN AND MANUFACTURER. MINNEAPOLIS, MINN., Nov. 3.

SAGINAW VALLEY.

LUMBERMAN'S GAZETTE, Bay City, Michigan, Nov. 15.

Lubberman's Gazette,
Bay City, Michigan, Nov. 15.

There is now considerable inquiry for good lumber, but the docks have been sold up so closely that the offerings are not adequate to meet the demands of the trade. From this fact but comparative few offerings have been reported during the week. The market is very firm and sales that are made are in a majority of cases at outside quotations.

Judging from the present prices paid for lumber to be held over until spring, the indications point unmis takably to the fact that there will at least, be no diminution. Heavy dealers East and West show a desire to purchase at present for next year's business. A dealer of this city has just sold to Chicago parties one million feet of lumber yet in the log, at \$9, \$16 and \$36. The lumber is yet to be manufactured and delivered in the sprin, although raid for at the present time. As the purchasing parties have good opportunities to judge of the outlook for the future, the manufacturers are manifesting a spirit of buoyancy on the principle that "straws show which way the wind blows." We are informed from reliable sources that the disposition manifested in this case to secure stock in advance of present ruling prices is not an isolated case, although the manufacturers here evince no particular anxiety to sell even at present desirable figures. We may conclude, therefore, that the future is very flattering.

General quotations are:

General quotations are:

Shipping culls	\$7.00@ 9.00
Common	14.00@18.00
Three uppers	33 00@38.00

THE EAST.

The Boston Journal of Commerce as follows:

The Boston Journal of Commerce as follows:

The market is just as firm as has been previously noted. In fact, there is a marked disposition on the 1 art of holders to advance prices as soo as they can see a favorable opening. A good many buyers are holding back and purchasing only for immediate wants; but those who pretend to know say that the supply is very short and arrivals from this time onward must of necessity be curtailed and uncertain. With this state of things, it is claimed that lower figures are out of the question. Pine is in good demand for both southern and western. Hardwoods continue in good demand, with the quotations the same and firm. Maple is quoted at \$30@32 for Nos. 1 and 2. White wood is sell ng at \$32@36 for Nos. 1 and 2, and \$25@27 for five-eighths.

The PROVINCES.

The Toronto Monetary Times refers as follows to the timber supplies:

The Toronto Monetary Times refers as follows to the timber supplies:

Pascal expressed the opinion that half the evils of the world were caused by people not being able to sit still in a room. The desire to do business, whether it can be done at a profit or not, is undoubtedly a besetting sin; and of all people engaged in industrial enterprises among us, none have suffered so much as the lumberers by not being able to become inactive, when activity meant a certain loss of capital and a sacrifice of timber. Mr. James Li tle, in the Montreal Sun, tells us that "the owner of timber land who sat quietly by without lifting an axe has been making more money than if he had been at work in the most productive gold mine." Mr. Little is one of those alarmists who appear from time to time on the approaching exhaustion of our timber supplies; but what he here says contains some truth. He says the last timber limit owned by the Government of Quenec was sold some months ago; and he assumes that the Ontario Government disposed of all it possessed some three years ago, and that of the thirty-four townships then sold, nine-tenths contained no timber of commercial value. The oak and the elm and the square timber now shipped at Quebec, are, he asserts, the produce of Michigan.

Mr. Little has himself been engaged in the lumber

business, and he points out the wasteful methods which he considers responsible for the destruction of supply which he describes. Of all the lumberers with whom he is acquainted, in Canada and United States, he says Mr. Ward, of Michigan, is the only one who does not pursue a wasteful method of working. The wastefulness he describes as consisting in running over a large area at d taking only one or two lors from the best trees, and leaving the rest to rot or to form fuel to burn up the entire forest. That distant forest fires are often due to this cause, Mr. Little is not alone in stating. The fact is within the knowledge of many personal observers.

There can be no doubt that Mr. Little underestimates the quantity of pine still remaining in Ontario and Quebec. He describes our remaining supply of pine as being cofined to the Valley of the Ottawa, and the St. Maurice and Muskoga districts, and will not allow that there is, in the two latter districts, as much marketable timber left as is got out in two years in Michigan, Wisconsin and Minnesota. He cannot be right in saying that every stream is Ontario has been "lumbered" to its source, unless he greatly restricts the northern extension of the province.

We do not know whether Mr. Little's article is intended to be a denial of a statement which recently appeared in the Globe, to the effect that, north of Lake Huron, "inexhaustible" supplies of pine had recently been discovered; for no direct, and perhaps no indirect, reference is made to it. But Mr. Little can scarcely have been unaware that such a statement had been published. His general averments cannot be regarded as disproving a particular and detailed account of recent discoveries.

The time has come for paying greater attention to the remains of our forest wealth, be it great or small. We certainly do not think it so small as Mr. Little would have us believe. Each province has a Crown Lands Department; but the object about the time when we have cut down or burnt up our last forest. The United States is b

A Canadian journal gives the following on the exports of wood from New Brunswick:

ports of wood from New Brunswick:

The export of sawn lumber and and square timber from the port of St. John forms at all times an interesting to a ture of our trans-Atlantic trade. This year's shipments continue to be principally made by the same parties as in former years. During the latest completed month, however, a larger proportion appears to have gone to the Continent of Europe. The October statement shows that out of a total export of 18,489,000 feet deals, battens and ends, 2,738,000 feet, or about 15 per cent. went direct to the Continent, 40 per cent to Liverpool, and 35 per cent. to London. The remaining tenth was shipped to Irish and other ports in the 1 nited Kingdom. The number of vessels dispatched for the month was 25, of an aggregate tonnage of 21,437. These carried, in addition to the deals, &c., already mentioned, about 360 tons of birch timber and 567,000 feet of scantlings, boards and palings.

timber and so,000 recool accessor.

The lumber and timber shipment of the season from St. John to ports across the ocean, i. e. for the ten months from the beginning of the year to the end of October, amounts to 179,000,000 superficial feet deals and boards, 3,969 tons birch timber, and 806 tons pine timber. These are classified as under:

LUMBER.	
Deals, battens and deal ends (sp. f.)	5,756,285
TIMBER.	

Of the timber, 2,938 tons birch and 743 tons pine went to Liverpool, 1,002 tons birch to Caernarvon, the remainder to Dundalk, Wexford and Waterford. Of the lumber about 26,000,000 feet went to Bristol Channel, nearly 20,004,000 feet to the Continent, 7,700,000 to Scotland, 1,200,000 to Australia. But 77,000,000 feet or about 43 per cent. of the whole, as destined for Liverpool and London.

FOREIGN.

The London Timber Trades Journal as follows: LIVERPOOL

During the past week business has been very quite, and the reports from various parts of the country which draws their supplies of timber from this port have been very discouraging, and but few orders have been placed with customers who usually have something, however small it may be in extent, to help to fill the traveller's books. As the extent of the import for the present year can now be pretty nearly estimated, and it will not be large, the close of the season will find the generality of the stocks in modera e compass, and hence there is no disposition to accept lower prices in order to make larger business. Sellers are inclined to wait patiently for an improving demand rather than press sales at losing prices.

The only public sale during the past week has been that of Messrs. A. F. & D. Mackur, who offered four cargoes of spruce deals, &c., f. r.s. le by auction on the 21st inst. The attendance was only moderate, and there did not appear to be much disposition to purchase unless at prices lower than had previously been obtained; to this the auctioneer was not inclined to listen, and consequently one entire cargo of Buctouche spruce was withdrawn, two others were only partly sold, and only one cargo of St. John, N. B., was cleared up. This latter sold at about previous rates.

NAILS.—There has not been quite so much stock

NAILS.—There has not been quite so much stock sold as during the previous week, but still the movement was very fair and at times brisk with a generally strong tone prevailing. The production satisfies the wants of the market but does not exceed it, and there is apparently no surplus accumulation.

We quote at 10d, to 60d, common fence and sheathing per keg, \$ ——@3.40; 8d and 9d, common do, per keg, \$5.65; 6d and 7d, common do, per keg, \$3.90; 4d and 5d, common do, per keg, \$4.90; 3d, fine per keg, \$5.65; 2d, per keg, \$5.65; Cut spikes, all sizes, \$5.65; floor, casing and box, \$4.15@4.90; finishing, \$4.40@5.15.

1½ inch, \$5.90; 1¾ inch, \$5.65; 2 inch, \$5.40; 2¼@2¾ inch, \$5.15; 3 inch and longer, \$4.90.

PAINTS AND OILS .- About an average business doing in most of the regular lines of stock and at steady prices, the quantity in accumulation not being suffi ient to cause any great difficulty in the way ing sum tent to cause any great difficulty in the way of carrying, &c. Business, however, is not full, neither is it expected that it will increase during the bal ance of the year, buyers generally now bringing operations down to a basis of immediate wants preparatory to the taking of inventory. Linseed oil has sold very fairly, and with small stocks on hand coupled with the high cost of 1 ad holders are very firm in asking extreme rates. We quote about 61/263c. for domestic and 61/265c, for Calcutta from first hands.

PITCH.-The movement has been principally of a jobbing character, and not of unusual magnitude. Supplies, however, are under very good control, and owners inclined to stand out for pretty full rates in all cases. We quote at \$2.25@2.50 per bbl. for city, delivered.

SPIRITS TURPENTINE.-Favorable advices from the primary points, and from abroad have had a strengthening influence upon the wholesale market, and this tone was reflected to some extent upon the jobbing trade. Consumption, however, is not very heavy, and buyers in nearly all cases confine their operations to immediate wants, and speculative effort is in a measure depended upon to maintain the position. As this report is closed the quotations stand about 55@57c, per gallon, according to quantity handled. dled.

TAR .- A fair sort of trade is taking place in small lots, but the call is not a heavy or anxious one, and values lack more than the ordina y support. Holders however, are confident enough to refrain from any direct pressure to realize. We quote at \$3 0 \cdot 33.25 per bbl for Newberne and Washington, and \$3.00\chi 3.37\chi for Wilmington, according to the size of invoice.

CONVEYANCES.

Wherever the letters Q. C. and C. a. G. occur, preceded by the name of the grantee they mean as follows: 1st—Q. C. is an abbreviation, for Quit Claim deed i. a, a deed in which all the right, title and interest of the grantor is conveyed, omitting all covenants or war-

the grantor is conveyed, matterly as executives ranty.

2d—C. a. G. means a deed containing Corenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or incumbered.

NOTES AND ITEMS.

The city of Brooklyn pays \$1.600 a day interest on the cost of the bridge. There is great complaint about the slow progress of that work, but there will be lively times in Brooklyn real estate when it is completed.

Long Island land is rapidly appreciating in value. Property which twenty years ago could be bought for \$50 an acre, can to-day be bought for \$100 an acre. This is true of both the north and south shores.

When completed, the Maxwell mansion on the corner of Eighth avenue and Union street, in Brooklyn, will be the finest house in that city. It is 57 feet front, 97 feet deep, three stories high, and built of brown stone with brick trimmings. It is built on high ground overlooking Staten Island Bay and Jersey City.

William II Vandashilt and his son Cornelius

William H. Vanderbilt and his son Cornelius recently visited St. Johnsland, Long Island, where handsome buildings are being erected at the expense of the latter for the St Johnsland Society. It is said that Mr. Vanderbilt was so much plensed with his sons charity that he will supplement it by a substantial gift to the society.

supplement it by a substantial gift to the society. R. W. Buckley, the architect of the well-known firm of McCafferty & Buckley, is absent from the city enjoying his wedding tour.

The North Elkhorn Stock Farm, near Lexington, Ky., together with M. H. Sanford's string of thoroughbreds, have been sold to D. Swigert, the well-known turfman. The sum paid for the land (547 acres) was \$60,000. The price of the racing and breeding stock has not been made public.

On the 10th inst. at Crown Point, Lake

and breeding stock has not been made public.

On the 10th inst., at Crown Point, Lake County, Ill, Mrs. Carolina Forsyth and her husband, Colonel Jacob Forsyth, signed a warrantee deed on a tract of land containing 8,000 acres, and situated fourteen miles from Chicago, to W. W. Green, of New Jersey, for \$1,000,000, who at once deeded it to the East Chicago Improvement Company for \$3,000,000

Company for \$3,000,000

Notice is given to all persons who have omitted to pay their taxes for the year 1881, that unless the same are paid before December 1st one per cent. additional will be collected, and if not paid before January 1st interest will be charged upon all taxes unpaid on that day at the rate of 7 per cent. per annum, dating from October 24th, 1881. No money will be received by the Receiver of Taxes after 2 P. M.

Horsee B. Cledin is the president of the First

Horace B. Claffin is the president of the Fordham Heights Improvement Association, the objects of which are to make necessary improvements in the Twenty-fourth ward The highways and streets are to be repaired, Croton water introduced, the most frequented public highways lighted and the sanitary condition of the district is not to be overlooked. The membership includes all the noted residents of that ward. Charles G. Waterbury is to receive \$100,700.87

Charles G. Waterbury is to receive \$109,799.87 for work done and material furnished for improving First avenue between Ninety-second street and One Hundred and Ninth street. This was the award of the commission composed of Hubert O. Thompson, Corporation Counsel Whitney and Chief Engineer Newton, which was appointed subject to a resolution of the last Legislature.

The valuation of taxable property in West-chester County has been placed at \$67,113,957. The state tax is two and a quarter mills and the sum to be raised is \$151,006,40.

The aldermen have decided to allow the Metropolitan Telephone and Telegraph Company to construct tubes and lines under ground for their wires, the company to pay the city one per cent. for each lineal foot used.

Mr. Gustavus Bramson, well known in the insurance business, has opened a department for the purchase and sale of real estate at his office, No. 62 Liberty street, room 5. Among his references are I. and S. Wormser and William R. Garrison. Mr. Bramson's card will be found elsewhere.
