INDEX TO REAL ESTATE RECORD.

II.

JULY—DECEMBER.

1883.

Following Index of the Conveyances and Buildings for New York City and Kings County, as published in THE REAL ESTATE RECORD during the last six months of 1883, will be of great utility and value by those of our readers who have preserved all the copies of this Record during that period. Great care has been used to keep the Index up to the same standard as in the past. The pages are given in such a manner that all transfers of realty can immediately be found and the streets and avenues are subdivided so that very few references are required; in fact, transfers of property on Allen street are in eight numbers during the six months, and in the Index are subdivided into four numbers of the street, so that the least possible space need be incurred, a transfer being found on one slip to but two or three pages, provided the number between what streets the property is situated. The Projected Buildings are indexed in the same manner, enabling all to readily ascertain on what lots improvements have been made. Those of keeping a permanent file for reference will find that all the numbers are complete, and have them bound. A suitable binder can be had at the office of THE RECORD AND GUIDE, 191 Broadway, corner of Dey street, price one dollar.
