INDEX TO THE RECORD AND GUIDE.

VOL. XXXVI.

JULY—DECEMBER.

1885.

The following semi-annual Index of the Conveyances and Projected Buildings in New York Kings Counties, as published in THE RECORD AND GUIDE during the last six months of 1885, will be found of great value to those of our subscribers who have preserved all the issues of this paper during that period. The utmost care has been taken to keep the Index up to the same perfect standard which has characterized it in the past. The pages are given on which all the transfers of realty published in Volume XXXVI. can immediately be found, and the streets and avenues are so subdivided that very few references are required. For instance, transfers of property on Bleeker Street appear in four issues during the six months, which in the Index is sub-divided into two parts, so that the least possible trouble need be incurred, the transfer being found by referring to but two pages, provided it is known between what streets and avenues the property is located. The Projected Buildings are indexed in a similar manner, so that they can be readily ascertained on what streets improvements have been made. Those wishing to file for permanent reference should see that the numbers are complete and have them bound. This binder can be obtained at the office of THE RECORD AND GUIDE, 191 Broadway, corner of Nassau Street, price one dollar.

CONVEYANCES.

The figures in extra black type—for instance, under the head of Attorney, north of Broadway—denote that the transaction on the premises is leasehold, or a lease running for a term of years. This explanation is made so that subscribers searching for transfers in fee can easily distinguish between the former and the latter, without referring to the page mentioned.
