INDEX TO THE RECORD AND GUIDE.

VOL. XLII.

JULY—DECEMBER.

1888

The following semi-annual Index of the Conveyances and Projected Buildings in New York and Kings Counties, as published in THE RECORD AND GUIDE during the last six months of 1888, will be found of great value to those of our subscribers who have preserved all the issues of this paper during that period. The utmost care has been taken to keep the Index up to the same perfect standard which has characterized it in the past. The pages are given on which all the transfers of realty published in Volume XLII. can immediately be found, and the streets and avenues are so sub-divided that very few references are required. For instance, transfers of property on the Boulevard appear in ten issues during the six months, which in the Index is sub-divided into six parts, so that the least possible trouble need be incurred, any transfer being found by referring to three pages at the most, provided it is known between what streets or avenues the property is located. Although many of our subscribers have used the Index for years, some of them do not fully understand the completeness of the work. We are frequently told of errors that our readers think they have discovered, which, upon investigation, prove to be errors of the searcher—not of the Index. For instance, in the current number appears the following: 135th street, n s, from 5th to Lenox avenue, 925, 1257, 1424 and 1545, the latter being the pages on which transfers on said street may be found. Now, turning to page 1545 the average searcher would fail to find the item referred to, because it does not appear in the numerical order of streets. A close search shows the item under the head of Lenox avenue, where a plot 99.11x425 is conveyed. The Index is, therefore, in some cases condemned for a supposed omission which is really the strongest evidence of the thoroughness with which it has been compiled. Where such an omission should occasionally seem apparent to the subscriber, he should search the whole page, and he will then find the item which is referred to. The Projected Buildings are indexed in a similar manner, so that it can readily be ascertained on what streets improvements have been made. Those wishing to keep a file for permanent reference should see that all the numbers are complete and have them bound. A suitable binder can be obtained at the office of THE RECORD AND GUIDE, 191 Broadway, corner Dey street, price one dollar.

CONVEYANCES.

NOTE—The figures in extra black type—for instance, 1049, under the head of Attorney, from Rivington to Stanton street—denote that the transaction on the page given is leasehold, or a lease running for a long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter, without referring to the page mentioned.
