# INDEX TO THE RECORD AND GUIDE.

VOL. XLIV.

JULY—DECEMBER, INCLUSIVE.

1889.

The following semi-annual Index of the Conveyances and Projected Buildings in New York and Kings Counties, as published in THE RECORD AND GUIDE during the last half of 1889, will be found of great value to those of our subscribers who have preserved all the issues of this paper during that period. Great care has been taken to keep the Index up to the same perfect standard which has characterized it in the past. The pages are given on which all the transfers of realty published in Volume XLIV, can be found, and the streets and avenues are so sub-divided that very few references are required. For instance, transfers of property on Broome street appear in nineteen issues during the six months; Broome street, in the Index, is sub-divided into fifteen parts, so that the least possible trouble need be incurred, any transfer being found by referring to five pages at the most, provided it is known between what streets the property is located. Although many of our subscribers have used the Index for years, some of them do not fully understand the completeness of the work. We are frequently told of errors that our readers think they have discovered, which, upon investigation, prove to be errors of the searcher—not of the Index. For instance, in the current number appears the following: Greenwich, south of Rector, 951, 1079, 1108, 1444, the latter being the pages on which transfers on said street may be found. Now, turning to page 951, the average searcher would fail to find the item referred to, because it does not appear in the alphabetical order of streets. A close search shows the item under the head of Broadway, where a plot 162.4x200 to Greenwich street, is conveyed. The Index is, therefore, in some cases condemned for a supposed omission which is really the strongest evidence of the thoroughness with which it has been compiled. Where such an omission should occasionally seem apparent to the subscriber, he should search the whole page, and he will then find the item which is referred to. The Projected Buildings are indexed in a similar manner, so that it can readily be ascertained on what streets improvements have been made. Those wishing to keep a file for permanent reference should see that all the numbers are complete and have them bound. A suitable binder can be obtained at the office of THE RECORD AND GUIDE, 191 Broadway, corner Dey street; price, one dollar.

## CONVEYANCES.

NOTE.—The figures in extra black type—for instance, 1414, under the head of Barclay street—denote that the transaction on the page given is Leasehold, or a lease running for a long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter without referring to the page mentioned.
