INDEX TO THE RECORD AND GUIDE.

VOL. XLVI.

JULY—DECEMBER, INCLUSIVE.

1890.

The following semi-annual Index of the Conveyances and Projected Buildings in New York City, as published in THE RECORD AND GUIDE during the last half of 1890, will be found of great value to those of our subscribers who have preserved all the issues of this paper during that period. Our usual care has been taken to keep the Index up to the same perfect standard which has characterized it in the past. The pages are given on which all the transfers of realty published in Volume XLVI. can be found, and the streets and avenues are so subdivided that few references are required. For instance, transfers of property on the Bowery appear in eleven issues during the six months; Bowery in the Index is sub-divided into five parts, so that the least possible trouble need be incurred, provided it is known between what streets the property is located. In this volume we have continued to arrange the transfers in such a manner that every street affected can be seen at a glance by turning to the pages which the Index calls for. Take for instance page 10 and find thereon:

AV A, Nos. 195 and 197 begins AV A, n w cor 12th st, Nos. 441 and 443 12th st, 51.9x100.

The above applies when a piece of property is on the corner of any street or avenue and runs in depth upon both streets more than 100 feet, or when a plot has buildings fronting on both streets, and also when the property begins on one street and runs to another. Although many of

our subscribers have used the Index for years, some of them do not fully understand the completeness of the work. We are frequently told of errors that our readers *think* they have discovered, which, upon investigation, prove to be errors of the searcher—not of the Index. For instance, in the current number appears the following: Madison av, from 85th to 90th st, 85, 435, 623, 840, the latter being the pages on which transfers on said street may be found. Now, turning to page 435, the average searcher would fail to find the item referred to, because it does not appear in the alphabetical order of streets. A close search shows the item under the head 88th st, n e cor Madison av, where a plot, 36.8x100.11, is conveyed. The Index is, therefore, in some cases condemned for a supposed omission which is really the strongest evidence of the thoroughness with which it has been compiled. Where such an omission should occasionally seem apparent to the subscriber, he should search the whole page, and he will then find the item which is referred to. The Projected Buildings are indexed in a similar manner, so that it can readily be ascertained on what streets improvements have been made. Those wishing to keep a file for permanent reference should see that all the numbers are complete and have them bound. A suitable binder can be obtained at the office of THE RECORD AND GUIDE, 191 Broadway, corner Dey street: price, one dollar.

Below will be found a table showing the boundary lines of each of the thirteen Sections, and under which all property is now indexed in in the Register's office by locality on new map of New York City, according to new law, which went into effect Jan. 1, 1891:

Sec.

- 1.—South of Grand and Watts sts, between East and North Rivers.

- 13.—From Harlem River and city line, bet Broadway and Hudson River.

CONVEYANCES.

NOTE.—The figures in extra black type—for instance, pages **281** and **878** under the head of Ann street—denote that the transaction on the pages given is Leasehold, or a lease running for a long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter without referring to the page mentioned.
