## THE LAWYERS' TITLE COMPANY

— IS —

### PREFERRED TO OTHER TITLE COMPANIES

— BECAUSE —

1st.—Its *method of examination is the safest*. A comparative statement of losses will show this. The more careful the examination the fewer the losses.

2d.—Its custom of *furnishing abstracts of title and searches* gives the fullest information.

An abstract of title *alone* may have little value, and a policy of title insurance *alone* is a mere contract of indemnity; but the *opinion of an expert, examined and approved* by this Company, WITH AN ABSTRACT OF TITLE AND A POLICY OF TITLE INSURANCE, furnishes the *fullest* information and most *complete security*.

The only reasons for refusing to furnish an abstract would seem to be where a monopoly was sought to be acquired in the information or some defect was to be concealed.

3d.—Its *method of insurance is the strongest*. It is based on the *best examination* and is issued only after approval by the law department of the Company and the examination

of the Committee of Counsel, where questions arise, by a *company that does not insure against admitted defects*, that has the *largest capital employed exclusively in title insurance* and is *managed exclusively by those familiar with the business done*.

4th.—Its policies are universally accepted by *individuals, trustees and corporations*, THE U. S. GOVERNMENT BEING AMONG ITS ASSURED.

There is *very grave doubt* whether an individual trustee or a corporation has a right to take title on purchase or mortgage on a policy of title insurance only, and whether it can do so without *risk of personal liability*.

*BUT* there is *no doubt* that an individual trustee or a corporation has a right to take a title on purchase or mortgage on the opinion of his counsel, approved by this Company *and a policy of title insurance*, and that by so doing he incurs *no risk of personal liability*.

Out of **\$239,338,881** loaned in New York and Kings Counties on bond and mortgage during the year 1891, *all but about \$14,000,000* was loaned through the attorneys of lenders.

5th.—It offers peculiar advantages to *parties selling land in parcels* as well as to *builders and brokers*.

# INDEX TO THE RECORD AND GUIDE.

VOL. XLIX.

JANUARY—JUNE, INCLUSIVE.

1892.

The following semi-annual Index of the Conveyances and Projected Buildings in New York City, as published in THE RECORD AND GUIDE during the first half of 1892, will be found of great value to those of our subscribers who have preserved all the issues of this paper during that period. Our usual care has been taken to keep the Index up to the same perfect standard which has characterized it in the past. The pages are given on which all the transfers of realty published in Volume XLIX. can be found, and the streets and avenues are so subdivided that few references are required. For instance, transfers of property on the Bowery appear in seven issues during the six months. The Bowery in the Index is subdivided into four parts, so that the least possible trouble need be incurred, provided it is known between what streets the property is located. In this volume we have continued to arrange the transfers in such a manner that every street affected can be seen at a glance by turning to the pages which the Index calls for. Take for instance page 39 and find thereon:

Division st, No. 234, s s { begins Division  
East Broadway, No. 246, n s { st, s s, abt 135  
w Montgomery st, 23x100 to East Broadway.

The above applies when a piece of property is on the corner of any street or avenue and runs in depth upon both streets more than 100 feet, or when a plot has buildings fronting on both streets, and also when the property begins on one street and runs to another. Although many of our subscribers have used the Index for years, some of them do not fully understand the com-

pleteness of the work. We are frequently told of errors that our readers think they have discovered, which, upon investigation, prove to be errors of the searcher—not of the Index. For instance, in the current number appears the following: 12th av, bet 88th and 97th sts, 327, 565, the latter being the pages on which transfers on said avenue may be found. Now, turning to page 565, the average searcher would fail to find the item referred to, because it does not appear in the alphabetical order of streets. A close search shows the item under the head of 89th st, s w cor 12th av. The Index is, therefore, in some cases condemned for a supposed omission which is really the strongest evidence of the thoroughness with which it has been compiled. Where such an omission should occasionally seem apparent to the subscriber, he should search the whole page, and he will then find the item which is referred to. The Projected Buildings are indexed in a similar manner, so that it can readily be ascertained on what streets improvements have been made. Those wishing to keep a file for permanent reference should see that all the numbers are complete and have them bound. A suitable binder can be obtained at the office of THE RECORD AND GUIDE, 14 and 16 Vesey street; price, one dollar.

Annexed will be found a table showing the boundary lines, also the number of blocks contained in each of the thirteen Sections, and under which all property is now indexed in the Register's office by locality on new land maps of New York City, according to law, which went into effect Jan. 1, 1891:

## CONVEYANCES.

NOTE.—The figures in extra black type—for instance, pages 695 and 964 under the head of Attorney st, from Broome to Delancey sts—denote that the transaction on the pages given is Leasehold, or a lease running for a long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter without referring to the page mentioned.
