AUCTION SALES.

The * appearing before any number indicates the page on which to find an Auction Sale.

CONVEYANCES

are distinguished by numbers without having signs attached thereto. In many instances there will be found streets, etc., indexed under pages which, on being examined, show at once that they are not in their proper order according to our customary alphabetical and numerical arrangement. A further examination will disclose the fact that while the properties appear more prominently under the other street descriptions, they nevertheless extend to the streets, etc., indicated by the Index, and having a frontage on same have been included in the paging, and it will necessitate a somewhat

more thorough search than usual to locate it. The Leases, Mortgages, Auction Sales and Projected Buildings are indexed in a similar manner to the plan followed with the Conveyances.

LEASES.

The figures in parenthesis denote that the transaction on the page given is Leasehold, an assignment of lease or a lease running for a short or long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter without referring to the pages mentioned.

MORTGAGES.

All the mortgages are indexed against the street or avenue in which the property is located, and memoranda added to enable searchers to find the particulars in "The Record and Guide." See "Example." The streets and avenues are so subdivided that very few references are necessary. All readers of "The Record and Guide" are aware that the mortgages appear weekly in alphabetical order, so that they have, so to speak, a weekly index of mortgagors. This publication of an index against property completes the information which those interested may require.
