### EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed, omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which the covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482-10, denote that the property mentioned is in section 2, block 482, lot 10. It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A \$20,000-\$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1914.

T. S. preceding the consideration in a

conveyance means that the deed or conveyance has been recorded under the Torren System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

REAL ESTATE APPRAISALS.

The following values were placed on real estate properties this week by the State appraisers in transfer tax proceedings, affecting Manhattan holdings. The amount specified does not in every case indicate the equity or interest of the decedent. In some cases he is not even the owner of record. It merely quotes the estimated market value of the realty regardless of mortgages or other liens. The information comprises the name of decedent, date of death, location of property, block and lot on city map, description of building, size of lot and estimated value on the date given. Where decedent owned property in other boroughs, details of Manhattan holdings only are given.
